DEATH OF THOMAS W. FISHER

Died at the Residence of his Niece in Bellefonte.

HOME IN UNIONVILLE.

For Three Years Served as Commissioner of Centre County—Was a Well Known Farmer and Fruit Raiser.

FUNERAL OCCURRED ON WEDNESDAY

After an illness of two months duration, Thomas W. Fisher, ex-commissioner of Centre County, died at the home of his neice, Mrs. N. B. Spangler on East High street, Monday morning at 1 o'clock. His death was due to a complication of diseases. Recently he underwent an operation in a Philadelphia hospital with the hope of obtaining relief but it proved of no avail and he gradually grew worse. On his way home from Philadelphia he stopped with his neice, Mrs. Spangler. His condition became so serious that they were unable to move him to his home in Unionville.

Thomas W. Fisher was born in Union township, Centre county, February 23, 1851. He was the son of the late William P. Fisher, one of Centre county's most respected citizens. All his life was spent in Union and adjoining townships and from boy hood he was engaged in farming and the cultivation of fruit and ornamental trees. When a young man he taught school for five winters. He was for a ti meh arge of John T. Fowler's model stock farm at Fowler station. Mr. Fisher held various positions in the different townships he resided in and from 1897 to 1900 was Commissioner of Centre county. He performed the duties of all these offices in a manner to inspire the confidence and trust of the citizens of the county. He proved himself to be an honest, painstaking and faithful servant of the people.

The latter years and greater part of his life he resided in Unionville where he married Miss Dora Steere, daughter of Joseph Steere. She survives him with one son, Harold.

He also leaves one brother and four sisters, namely, William P., of New York; Mrs. Mary Holmes of Baltimore; Mrs. Lucretia Way, of Stormstown; Mrs. Cora McMinn, of DuBois, and Jennie at home.

The deceased was a member of the Society of Friends and an exemplary citizen in every way. In politics he was an ardent Republican.

The remains were taken to his home in Unionville where the funeral took place Wednesday morning at ten o'clock.

At Hecla Two Days After Business Men

The shop boys are meeting with all kinds of success in their preparation for the big picnic to be held at Hecla park on Saturday, August 18, says the Jersey Shore Herald.

There is every indication that there will be an unusually large crowd, one of the largest that has ever left Jersey Shore on a picnic excursion. The low rates offered are attracting many and vouchers for railroad tickets have been disposed of in large quantities. The feature of the day's fun will be a program of competitive sports now being arranged. It will include foot races, hurdles, shot put and all the other numbers on a regular college athletic meet. For the winners of the various events there will be prizes awarded, and these prizes have been contributed most generously by the merchants of the town.

Death of Mary Luft

Miss Mary Luft, formerly of this place but of Braddock, died at the home of her brother, Michael Luft, Monday August 13th of pulmonary disease. She was born in Bellefonte and was 48 years of age. She was a sister of Mrs. James Toner. The remains were brought to Bellefonte and interred in the Catholic cemetery.

The pall-bearers were Frank Dawson, Wm. Hockenbury, Chas. Moersbacher and George Love.

WANTED—A messenger boy for Western Union Telegraph Co.

ERECT THE FOUNTAIN.

The Request Comes From the Ladies of Bellefonte.

Several years ago the ladies of the Bellefonte W. C. T. U., purchased at considerable expense a fountain and erected it on the diamond. It was put there to quench the thirst of both man and beast in hot weather such as we have been having during the past two weeks. When the Soldier's Monument was dedicated the fountain was taken down with the promise that it would be put up either on the right or left of the monument, but up until this time nothing has been done. In every well regulated town you will find a public fountain. Many of them have not the abundance of water of which Bellefonte is blessed for a public enterprise of this kind. Who is responsible for this dire neglect? If it is the Bellefonte council let the gentleman pause for a moment and think how many horses could be refreshed and the burdens of the day lightened if they could be driven to the fountain and in a few minutes given a drink of cold water. It is a great mistake that the fountain isn't there during this season of terrible hot weather and its not being there shows a lack of interest on the part of those whom the people have elected to take care of their affairs. It is therefore the request of the ladies of the town that their fountain be put back as soon as possible.

NEW RAILROAD CHARTERED.

Hon. W. C. Lingle of Patton is President.

Among a large number of charters granted at Harrisburg Thursday was one to the Nittany railroad company of Clinton county, to extend to Cedar Springs, Capital $40,000. Hon. W. C. Lingle, of Patton, formerly of Philipsburg, is president. This is the road which will be built to the Furst limestone quarries at Cedar Springs, in which Mr. Lingle is interested, and to which business he will give most of his attention after his removal to Bellefonte in the fall.

It is expected that work will be commenced on the construction in the near future. It will follow the Central Railroad of Pennsylvania to the axe factory dam, where it will cross over the Central and go direct to the quarries. The new company will build a trestle across the dam. The lime kilns at Mill Hall will be put into condition and operated to their fullest capacity. A huge crusher will also be installed at the quarries and a large number of men given employment.

Prominent Williamsport Young Man Dies.

Ira A. Dayton, who succeeded his father, the late J. E. Dayton, to the presidency and management of the J. E. Dayton company, manufacturers of shoes, died at Williamsport Friday evening of a complication of ailments and following an operation.

Ira Dayton virtually grew up with the now extensive shoe business established by his father years ago, and at the time of his death he was one of the most prominet young business men in the city. He knew every detail of the business, which had gradually increased from year to year, and under his able management the establishment was very prosperous indeed, a condition that was not only gratifying to himself but to all of his friends as well.

Deceased was aged 43 years and is survived by his wife, a son and one daughter.

Miss Eliza Beaver Dies at a Great Age.

The death of Miss Eliza Beaver occurred Sunday night August 5, at Philadelphia, where she was an inmate of Frankford Friends' Asylum for the past two or three years. Her age was over 88 years, and she was the last surviving member of a family long noted in these parts. Her ailment was bronchial pneumonia. The remains were brought to New Berlin, where they were interred in the family plot.

Miss Eliza Beaver was a daughter of Rev. Peter Beaver, dec'd., in whose memory the beautiful Beaver Memorial edifice was erected in Lewisburg by his son the late Thomas Beaver. She resided in Lewisburg until about three years ago when she was removed to Philadelphia.

Died at Coleville.

Dorothy E. Sprankle, the little daughter of William and Sarah Sprankle, of Coleville, died Thursday August 10th at 12:30 o'clock of congestion of the brain after a weeks illness. She was aged 1 year and 4 months. The funeral took place Saturday. Interment in the Union cemetery.

NEARLY A LYNCHING

Crowd Wanted to Hang Two Negroes.

OFFICER ALMOST KILLED

Only Arrival of Police Saved Them From Summary Vengeance, as They Were Almost Beaten to Death.

OFFICER NOW IN SERIOUS CONDITION

West Chester, Pa., Aug. 14.—This place was the scene of the wildest excitement over the murderous assault made on John Entrekin, a member of the borough police force, by William and Theodore Halliday, two notorious negroes of this place. Entrekin found the negroes quarreling in Tincup alley and ordered them to leave. The negroes, who are powerful men, knocked the policeman down and cut his throat and slashed him in a shocking manner.

When the negroes thought they had killed their victim they fled, with a crowd at their heels crying "Murder!" When they reached the Hoopes Brothers' & Darring spoke mills dozens of men stopped their work and joined in the pursuit. A party of linemen at work on the edge of the borough dropped from their poles and joined the spokemakers. By this time a hundred me nand boys were in hot pursuit of the fleeing negroes, who were run down in the nursery a mile from town.

The men were mad with excitement, and they tore the clothes from the negroes, and would soon have beaten them to death had it not been for the timely arrival of an officer. Bleeding and half naked, the negroes were roped and thrown into a wagon and brought to town.

By the time the prisoners reached town hundreds of angry men and women had gathered on the street, shouting "Hang them! Kill them!" When the wagon reached Squire Paxson's office a thousand angry people were collected about the door ready to take the negroes and kill them

One of the negroes is very badly hurt, his arm is broken, his thumb torn off, and his face beaten in a terrible manner It is said he will die from his injuries. The other, too, is badly used up and was covered with blood. It is said that Officer Entrekin is dying at the West Chester county hospital. The town is terribly excited, and hundreds of people are standing about the streets discussing the assault.

Doctor Drowned on Charity Visit.

Richmond, Va., Aug. 14.—Dr. Daniel F. Ellis, member of the faculty and college physician of the Randolph-Macon college at Ashland, Va., was drowned in Stagg creek ,four miles from there, while on his way to pay a charity visit to an old negro patient. High water swept his buggy down the stream. The doctor's 5-year-old son was with him, but was saved by his father placing him in an overhanging tree.

Attempted Bribery Charged.

Carlisle, Pa., Aug. 14.—John Pishotto, an Italian fruit dealer, who, it is said, is wanted in Cleveland for attempted jury bribing, was arrested here and is held to await requisition papers. Pishotto's brother, it is alleged, killed a man in Cleveland, and in order to save him from the penitentiary Pishotto tried to bribe a juror. He was released on $3000 bail at a preliminary hearing, and a few days later jumped his bail.

Workmen Drowned In Texas Flood.

Houston, Tex., Aug. 14.—Another flood swept down through the canyons upon Langtry. A gang of workmen were caught unawares, and two are known to have perished. Nine bridges of the Southern Pacific railway have been swept away, and 20 miles of track is inundated The sudden freshet will rapidly suside as rain has ceased to fall

—Arrangements have been fully completed for the reunion of ex-Centre county residents next Saturday, August 18th at Glasgow's grove, near Bellwood. There will be good music and good speeches. This will be a basket picnic to which all former residents of Centre county, and their friends are invited.

—Are you going to the picnic today.

SENATORIAL CONFERENCE.

No Agreement Reached at the Second Meeting of the Republican Conferees Held Wednesday.

The conferees of the 34th Senatorial district held their second meeting at the Potter House Philipsburg this week, and again failed to reach a decisive result. Messrs. Henry C. Quigley and Joseph Alexander, candidates for the nomination, were both present during the proceedings.

The Philipsburg Journal says:

Some out of town Republicans were present, prominent among whom were Harry Keller, of Bellefonte, and A. L. Cole, DuBois. The conference finally adjourned to meet at the Potter House on August 31st. 1906, at 1 p. m., at which time it is hoped a nomination will be made.

Before the close of the meeting Henry C. Quigley, Centre county's candidate, appeared before the conference and suggested that the conferees be released instructions and make a nomination for the best interests of the Republican party, the loser to give his best support to the winner whoever he may be, and further that if the conferees fail to make a nomination after being released from instructions of their principals, the conferees be empowered to select some well known and wholly disinterested Republican to act as umpire, Mr. Alexander would not assent to this entirely, but finally was agreed that the conference at their meeting on August 31st, should meet without any instructions, and endeavor to make a nomination, If Mr. Alexander had assented to the very fair and reasonable proposition of Mr. Quigley all danger of a deadlock would have been averted and a nomination made in due course without resort to party rules governing a deadlock.

THE FIREMEN'S CONVENTION.

It Will be one of the Largest Gatherings Ever Held in Bellefonte.

The Firemen's Convention which will meet in Bellefonte on Wednesday and Thursday August 22nd and 23rd, 1906, promises to be one of the largest gatherings Bellefonte has ever had. Twelve Fire Companies have accepted the invitation and will be in line with their Fire Apparatuses and most of them with bands, there are many more to hear from who will likely accept the invitation and be with us in line on the 23rd.

In addition to the above, Company B, 5th Regt., will also be in line. From present indications it will be the largest turn out of Firemen ever held by the Centre District Firemens Association.

The Hub and Hose races will be very exciting and something new in this section of the District.

The railroads have made the following special rates. From Aug. 21 to Aug. 24, one fare round trip for uniformed Firemen, and one and one third rate to all from 21st to 24th, and on August 23rd the day of parade one fare for round trip to everybody.

In addition to the above attractions there will be a Midway in the Armory, where all Nations will be represented. A Minature Worlds Fair. The people who did not visit the World's Fair at St. Louis should not miss this.

Death of Henry Spanogle.

The accident which befell our venerable and highly esteemed townsman, Henry Spanogle, in being jolted from a load of hay on Tuesday of last week, causing the bursting of a blood vessel in the head, has proven fatal, his death occurring Wednesday morning at 1 o'clock at his home on Presqueisle street. From the night of the day on which the accident occurred he has been almost continually in an unconscious condition, and at no time was there scarcely any hope of his recovery.

The deceased was born at Warriorsmark, Huntingdon county, December 21st., 1829, making his age 76 years, 7 months and 17 days. He was married in the month of May, 1859, to Miss Levina Beck, of Warriorsmark, who survives, together with three daughters and one son, viz: Alva, wife of Harry Thompson, living near Port Matilda; Anna, wife of A. C. Bracking, of St. Louis; Mrs. Lulu Jones, residing near Port Matilda, and Arlington, at home.

Up until about eighteen years ago, when he moved with his family to Philipsburg, he had been engaged most of his life at farming. He has always been an industrious, upright, conscientious gentleman, thus earning the friendship and highest esteem of all who ever knew him.

The funeral took place Friday afternoon at 1:30.

A BIG FIRE AT UNIONVILLE.

Large Barn of Rhodes and Thompson Destroyed.

INCENDIARY ORIGIN

Alleged Fire Bug Placed Under Arrest at Mill Hall and Locked up at Lock Haven.

HIS PAL SAID TO HAVE MADE ESCAPE

Monday night the large barn at Rhodes and Thompson, near Unionville, was destroyed by fire about 11 o'clock.

The fire was of incendiary origin and suspicion at once rested on two men, one of them with but one arm, who had been seen in that vicinity in the early part of the evening, and who had also been seen to hastily leave the place a few moments before the fire broke out. A description of the man was telegraphed to all operators along the line of the B. E. V. R. R., as it was supposed that they would take one of the extras which were on the road between Tyrone and Lock Haven. When one of these extras stopped at the water plug at Mill Hall, Albert Heberling, the night operator, told the conductor of the affair and gave him a description of the men. The conductor said he thought they were on his train and the two at once began a search and located the one armed man, who gave his name as Weston and stated his home was in Lock Haven. He was locked in the caboose and was taken to Lock Haven where he was put to jail. He stated that his partner was from Clearfield county and that he had escaped from the train further up the line. He also stated that they had taken the train at Snow Shoe intersection, which is a place where all trains take water and is but a couple of miles from Unionville.

The man Weston was interviewed Tuesday at the Lock Haven jail, and he said that he formerly lived at Lock Haven but at the present time his home is at Farrandsville.

He had for some time past been in the employ of Rhodes and Thompson on their farm near Unionville, but had quit work for them about a week ago.

He denied having had any partner or having set fire to the barn and disclaimed any knowledge of the burning of any building. He left Snow Shoe intersection, he said, about one o'clock Tuesday morning and was very much surprised when arrested.

"See Dutchland"

Great developments are now being made by the ladies of the Dutch department in the "Midway" and it is expected to be the most unique piece of mechanism that has ever been presented in our city. The Dutch reception room, as well as the tea garden will be daintily equipped with rare novelties, where friends are invited to rest and chat with their dutch sisters of this far away country. One of the special features of this department, which no one should fail to see, is, the large windmill, which will be operated by electricity. It is supposed to grind, corn, saw wood and pulverize rock. It also claims to remove 4ft of water from a cellar in three minutes.

It is said that Queen Wilhelmina with her attendants sailed from Rotterdam Aug 12th. on the "Potsdam," hoping to arrive in Bellefonte, Aug. 21st. for the express purpose of joining in the festivities with her dutch subjects. Prince Henry will not accompany the Queen. His Highness preferring to remain at Het Loo for the month of August.

Dutch maidens will serve the finest soft drinks, "Kockye's" pretzells all imported for the occasion.

Shot Man Instead of Weasel

Walter Vought, of Elysburg, and some friends were having some sport trying to catch a weasel. The animal had been holed under a board and as per agreement Vought was to lift the board and a friend was to do the shooting. The friend evidently became excited or was overcome by "buck" fever, as he shot Vought over the left eye, inflicting an ugly wound. Mr. Vought is not considered to be in a dangerous condition.

HOPELESSLY INSANE.

Alienists Say That Salerno Will Never Regain His Reason.

It is the opinion of the alienists and physicians who have the health of the prisoners at the Eastern penitentiary in charge that James Salerno, the murderer of Elizabeth Carney, will never again regain his reason. The mental condition of the Italian has been made a special study by the insanity experts who visit the big penal institution at Philadelphia, and all all of them agree that Salerno is doomed to die insane. He continues to gain in a physical way and is now able to walk. His mind is a complete blank and he cannot talk, at least he shows no disposition to do so. This information was imparted to Sheriff William Riddle at Williamsport Saturday by Dr. Cadwallader Biddle, secretary of the State Board of Public Charities.

The latter was in Williamsport on his annual inspection of the charitable and public institutions. He visited the jail, the hospital, the home for the friendless, the almshouse, the girls' training school, the boys' industrial home and a number of other places. He expressed himself as being much gratified at the clean and sanitary condition in which the buildings he visited are kept.

During his talk with the sheriff, Dr. Biddle stated that he recently had a long conference with Dr. Nicholas A. Mitchell, the alienist sent to Williamsport by the board of pardons to ascertain the mental condition of Salerno. Dr. Mitchell expressed much surprise at the vitality of the insane Italian, and his apparent physical gain. Dr. Mitchell made the positive prediction that Salerno will die a maniac. The murderer gives very little trouble to his keepers.

Friends of the Academy Attention.

The impression that seems to exist that the Academy will not receive girls this fall is as erroneous as it is unwarranted. The selection of a gentleman teacher for the English department does not, in the least degree, imply that girls will not be expected. The best women in our town have received their education with a gentleman teacher in charge of their main assembly room. The fact is that the girls of Bellefonte and vicinity will receive just as cordial a welcome to the Academy and just as much attention in their class work as they have ever received in the past; and this year especially, when the corps of instructors has been increased and strengthened, it is desirable that the girls avail themselves of the educational facilities to be offered by the Academy. Just as soon as it can be satisfactorily arranged the primary department will be transferred from the main building to the first floor of one of the residences on Spring street, which will eventually form a part of the Academy property. Such a plan will not only prove advantageous for the youngest students in that it absolutely separates them from the older students, but will also afford greater class room facilities for the intermediate and academic grades. The prospects for the coming year are brighter than they have ever been; and it is to be hoped that the citizens of Bellefonte will lend their hearty cooperation with the head of the academy in his purpose to develop this school in a way that means beauty, business and the best educational advantages for all.

The reputation of the Academy all through this state and in Wheeling W. Va., is of a character that should appeal to the pride and loyalty of every Bellefonter.

State to Protect Sunfish.

State Fish Commissioner Meehan may take measures to stop the catching in Pennsylvania of small sunfish for cat food and simply to pass the time away.

Commissioner Meehan received word from one of his deputies Saturday that a few days ago he saw as many as 500 sunfish caught by men and boys in one of the streams in this state. Not one of these fish was over three inches long and a greater portion of them were not more than two inches.

"It is a sin and shame to have so many sunfish of such a size taken from the waters," the warden writes. "One man alone had nearly 200, all small. I asked some of the men why they did not throw the small fish back into the water, and one of them answered, "I am going to take them home to the cats."

There is no law regarding the limit or size of sunfish which may be caught, but he means to stop it. He said Saturday that the willful waste of catching so many of these small fish was an outrage.

Mr. Meehan said also that the sunfish was a delicious as well as a high-class game fish, and its wholesale destruction showed the necessity of legislation.

FOOLING BENSON

By Charles Freeman

Copyright, 1906, by Ruby Douglas

"No one has been in your compartment since the money came in, has there?" demanded Robert Cable.

"No one," admitted Jack Niblo, "but, on the other hand, I have handled no money from that drawer."

"Therefore it must have been a mistake in your addition. I am sorry, Jack, but we shall have to look to you to repay the loss."

"But this is the third time this week that this has happened," pleaded Niblo.

"All the more reason why you should be more careful," said the president shortly. "It is inexcusable that a receiving teller should make three mistakes in a single week. If there is a repetition of this trouble I am afraid that I shall have to replace you."

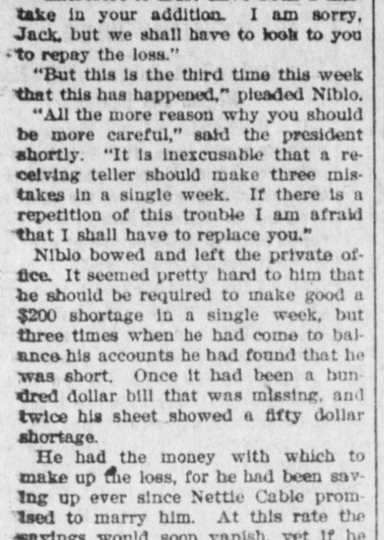
Niblo bowed and left the private office. It seemed pretty hard to him that he should be required to make good a $200 shortage in a single week, but three times when he had come to balance his accounts he had found that he was short. Once it had been a hundred dollar bill that was missing, and twice his sheet showed a fifty dollar shortage.

He had the money with which to make up the loss, for he had been saving up ever since Nettie Cable promised to marry him. At this rate the savings would soon vanish, yet if he was forced to give up his position because he was unreliable his savings would be gone before he could obtain another position without a recommendation from the bank.

It was with a heavy heart that he went to meet her. They were to go to a concert that evening. The girl's quick eyes perceived his despondency, and as they walked along she drew the story from him.

"Who do you think it is?" she asked.

"That's the worst of it," he declared. "I have no grounds for suspecting any one. When I come back from lunch to



"FORTY FIFTIES," HE LAUGHED. "DO YOU MAKE IT THE SAME?"

relieve Benson the money is right to a penny. The loss or mistake or whatever it is comes after that."

"But you can't be making mistakes all the time," she insisted. "Isn't it possible that some one comes into your cage for a moment?"

"Not a soul was in there all the afternoon," he said positively.

"And Mr. Fells cannot reach over from his cage?"

"The money is all in the drawer. He would have to open that first."

"Have you looked behind the drawer?" she asked hopefully. "Perhaps it just fell down behind."

"I had the drawer out," he explained, "and looked behind it."

"Who is that in there?" she asked suddenly as they passed the bank building.

"It must be Benson," he answered carelessly. "He works late on the foreign business. I don't know whether he does it because he likes work or because he wants to make a good impression on your father, but he is at it all the time."

"Is the money all locked up?"

"Benson wouldn't take it anyhow," he declared, "but the money is locked with a time lock. Benson merely uses the small safe with the books."

"I don't like Mr. Benson," she said decidedly. "Father refuses to interfere, but I know that Mr. Benson has tried to get him to send you away and take him as a son-in-law."

"You don't suppose he would steal my money, do you?" laughed Jack.

"I'd think anything," she said positively. "You may laugh if you want to, but somehow I feel that he wants to get you out of the way."

"Forewarned is forearmed," he said, laughing. "We'll fool him yet, or, rather, you will. I don't think I'm clever enough."

"I think I'm as clever as Mr. Benson," she announced, "and I'm going to fool him, see if I don't."

They turned into the concert hall, next the bank, and in the music Jack forgot the threat.

He did not even recall it a few days later when Nettie came into the bank and, after a chat with her father, made her way to Niblo's compartment. He sprung the latch on the lattice door for her and returned to counting the pile of bills in front of him.

She leaned on the counter beside him, and as he turned over the bills he glanced at her.

"Forty fifties," he laughed. "Do you make it the same?" Nettie nodded, and he turned to the rest of the money. Silently she checked the other items on the deposit slip, and as the boy turned away from the window she picked up one of the bills.

"What is that?" she demanded, pointing to some glistening particles.

Niblo laughed.

"That's from the foundry," he explained. "Gregson has been buying some steel."

"How do you know?" she asked.

"Gregson is peculiar. He pays cash for everything he gets. The foundry sends him stuff for the houses he is building in the new section, and as the last load is dumped he sends over to pay for it. He will not use a bank, but pays in cash, and he never lets a bill run overnight."

"Does he buy much?" she asked as she fingered a bill.

"They deposit cash about three times a week."

"And always with this thing on?"

"It's steel filings," explained Niblo. "They are everywhere over at the foundry." He slipped the bills in the drawer and stuck the slip on the spindle.

"Jack," she said suddenly, "count the money again."

"I just did," he said, in surprise, as he opened the drawer. The other bills had been banded, and it was an easy matter to get only the foundry deposit. He ran the bills over rapidly, then turned to her with a puzzled expression.

"What do you make it?" he asked.

"Thirty-nine," she declared as she picked up the pile of bills and laid them back in the drawer. "Don't find the other even if you can." Just wait. As soon as you are out of the bank come over to George Castle's."

All through the rest of the afternoon he wondered as he went about his work. There was trouble over the shortage, and Niblo left the bank with a warning that the next mistake would be his last.

He went straight across the street to the dental office in the postoffice building, where Nettie had told him to meet her, and in the darkness they watched the interior of the bank.

At last Benson came into the receiving teller's pen and fumbled there a moment. With a little cry Nettie ceased her vigil and went to the telephone. Half an hour later Nettie, her father and Niblo confronted Benson, still poring over his books.

In his pocket was a bill to which the steel filings still clung, and Nettie led the way to Niblo's compartment. Pulling out the drawer, she fumbled beneath for a second and drew out a heavy magnet.

"I noticed that the filings were pasted on the bills," she explained. "The treasurer at the foundry is Mr. Benson's cousin. They arranged that deposits should be made in the afternoon, when the drawer was already full and the bills would reach high. One bill would stick to the magnet on account of the filings. The drawer is not locked after the money is taken out, and it was easy when the watchman was in another part of the bank to slip in and take it off. If I had not tried to pick a speck off the bill Jack showed me no one would ever have guessed it. He gained his end and the money as well."

A little later Jack left Nettie at the gate. "With the salary that goes with the cashier's job I guess I can afford to get married now," he said.

"For what else did I fool Benson?" asked Nettie as she raised her lips for a kiss. "I told you I'd do it, and I did."

Facts About Mankind.

Married people live longer than the unmarried, the temperate and industrious longer than the gluttons and idle, and civilized nations longer than the uncivilized. Tall persons enjoy a greater longevity than small ones.

Women have a more favorable chance of life before reaching their fiftieth year than men, but a less favorable one after that period. The proportion of married persons to single ones is as 75 to 1,000. Persons born in spring have a more robust constitution than those born at other seasons. Births and deaths occur all the world over more frequently at night than in the day time.

There are at present 3,000 languages spoken by the inhabitants of our globe, whose religious convictions are divided between 1,000 different confessions of faith.

The average duration of life is thirty-three years. One-fourth of the population of the earth dies before attaining the seventeenth year. Of a thousand persons only one reaches the age of a hundred years and not more than six that of sixty-five years.

A Hard Case.

"You say you had to give the patient chloroform twice?"

"Yes," replied the dentist. "I had to give it to him the second time to extract the money."—Detroit Free Press.

AFTER THE PRESIDENT

Female Crank Creates Scene in Church at Oyster Bay.

TRIED TO INTERVIEW ROOSEVELT

Took a Seat Behind His Pew and Had to Be Removed By Force—Shouted to Him As He Was Leaving and Made Disturbance.

Oyster Bay, N. Y., Aug. 13.—Miss Asi L. Esac, who is summering in Oyster Bay for the purpose of interviewing the President or Mrs. Roosevelt, on what she declares is "a matter of life and death," created a scene during the service in Christ Episcopal church. Miss Esac, or Miss Case, as her name is supposed to be, has attended every church service the president has since his arrival here in July. She has climbed Sagamore Hill on foot several times, only to be turned away by the secret service men. She presented herself early at the church and took a seat directly behind the pew usually occupied by the Roosevelt family. When Usher James Duffy requested her to relinquish this seat she refused. Duffy forcibly removed her to the rear of the church, and Miss Esac says he tore her gown in so doing. For this act she later applied for a warrant for Duffy, but was refused.

In the rear of the church Miss Esac refused to sit down. A secret service agent stood beside her, and during the service she made no less than a dozen attempts to get past him. As the president was leaving the church three secret service men surrounded Miss Esac, but she shouted:

"Mr. President, Mr. President, President Roosevelt, won't you speak to me a moment?"

The president turned his head as he passed, but did not pause. Miss Esac says her watch chain was broken in this scrimmage with the secret service men and her watch fell to the floor.

The president was accompanied by Mrs. Roosevelt and Quentin and Representative and Mrs. Longworth. Miss Esac has stated to acquaintances she has made while here that she was to have been married in the White House at the time Miss Alice Roosevelt became Mrs. Longworth; that she was to have married a high government official, and that it was this wrong she seeks to redress. When the president's carriage had departed Miss Esac was allowed to go. It was then she sought a warrant for Duffy. She says she will stay in Oyster Bay until she accomplishes her purpose.

Representative and Mrs. Longworth, who arrived from Europe on Saturday, left for Washington and Cincinnati.

TO PROTECT CHINESE LABORERS

Government Will Prevent Injustice to Canal Employes By Contractors.

Washington, Aug. 13.—Care will be taken by the United States government to prevent contractors from doing injustice to the Chinese laborers employed for work on the Panama canal. The specifications advertising for proposals to supply 2500 Chinese to the canal commission will stipulate that the secretary of war shall have the privilege of passing on contracts which labor agents make with Chinese who are to be sent to the isthmus. This provision will make it possible for Secretary Taft to prevent discrimination against the coolies by unscrupulous contractors. Under this arrangement the United States will know exactly what the Chinese are paid by the labor agents, and the Chinese government will be able to afford its subjects protection on the isthmus because of the ease with which this government will be able to regulate the relations between the Chinese laborers and the contractors.

Odd Demands of News Carriers.

New Orleans, Aug. 13.—Unusual demands were published by the News Carriers' Union, which declared a strike against three afternoon papers. First, the union asks that 2 p. m. shall hereafter be the hour of issuing afternoon papers, except on holidays, when their issue is to be at 3.30 in the morning. Second, the demands ask the right of dictating the number of pages each shall print, fixing this number at 10 pages for two of the papers and at 12 for the third. For printing more than the prescribed number the papers are to be penalized one-eighth cent a page.

WELL KNOWN IN BELLEFONTE.

Walter I. Lembkey, Formerly of this Place Now in Alaska.

Walter I. Lempkey, chief agent of the United States government at the fur seal fisheries in Alaska who figured in the recent capture and shooting of several Japanese poachers on Attu island, is formerly from Bellefonte. He is married to an Altoona girl, Miss Grace Hurd, daughter of the late John Hurd and sister of Howard Hurd, bookkeeper at the Germania brewery. They were married some thirteen years ago and since then have made their home in Alaska. Lempkey was born and raised here, but for years has been located in the far west and Alaska. Chief Lempkey and family reside on St. Paul island and he is held in high regard by the government authorities. It is his duty to look after and protect the seal fisherief in Alaska.

KEEP THE KIDNYS WELL.

Health is Worth Saving, and Some People Know How to Save. It.

Many Bellefonte people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill-health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills.

W. R. Camp, of the firm of Kirk-Camp Furniture Co., Logan Ave. and 14th St., Tyrone, Pa., says: "Experience has taught me that Doan's Kidney Pills is an excellent remedy and one that strictly fulfills its promises. In the fall of 1897 I gave for publication in our local papers a statement covering my experience with this remedy and recommending it to others, and now in the month of June, 1904, I just as enthusiastically recommend it as I did at that time. Doan's kidney pills completely relieved me of an aching in the small of my back and lameness through the loins due to kidney trouble. We always keep this preparation in the house for use in case of need, and it has never failed to give splendid satisfaction. I heartily endorse it.

Quite True Indeed,

A lady who understands advertising says: "No lady wishes to be looked upon as a shopping fiend; she does not care to go into a store and have a merchant show all his stock in order to find out whether the article is sold at the price she can afford. It is much easier and pleasanter to look through the advertisements of a paper than it is to bore the clerks and waste her own time. Next to the local news items the advertisements in a paper stating articles for sale with prices, will keep much of the money that goes to the larger cities at home."

Mr. Parish has been recommending this grand dyspepsia remedy for nearly two years now, and from actual experience knows there is no other remedy so sure to relieve sour stomach, bad taste in the mouth, coated tongue palpitation sleeplessness, wind belching, and other distressing symptoms of indigestion. And Pepsikola Tablets must cure you or there is nothing to pay. They will renew your energy, steady your nerves, regulate the action of your heart, improve your appetite, put new life in your stomach and will do more to tone up and improve your general health than anything you ever heard of.

He Knew Her.

A famous American physician was summoned to the bedside of an elderly grande dame, of distinguished name and millions. The physician examined her carefully. Then he said:

"You must get up every morning at 6 o'clock. Take for breakfast a cup of weak tea and two pieces of dry toast. From 9 to 11 exercise, either walking or sweeping or dusting. At noon lunch on a slice of cold meat, filtered, uniced water a stale bread. Don't sleep in the afternoon; exercise again. For dinner take nothing but a little meat, a vegetable and toast. No sweets, no wines, no social dissipation of any kind."

The eyes of the grande dame flashed with fire as she said:

"But doctor do you comprehend my position? Do you know who I am?"

"Perfectly, madam," answered the physician. "You are an old woman with a sour stomach."—New York Press.

NEGRO'S DOUBLE CRIME

Attacks and Robs Farmer and Assaults His Wife.

HIS VICTIM IS LIKELY TO DIE

Has Fractured Skull From Brutal Beating With a Blackjack—Searching Parties Find No Trace of Assailant.

Camden, N. J., Aug. 13.—A murderous negro robber beat Graconi Magia, a farmer, into unconsciousness with a blackjack near Westville, Gloucester county, and after stealing $107 assaulted the wife of his victim.

The farmer is in the Cooper hospital, Camden, with a fractured skull and other injuries that the physicians believe will prove fatal.

Awakened by a noise in his bedroom, Magia saw a colored man climbing through a window. Jumping from the bed, the farmer grappled with the burglar, who pulled a blackjack from his pocket and struck Magia a glancing blow on the side of the head.

Evidently believing that he had killed the farmer, the negro started toward Mrs. Magia. He had walked only a few steps, however, before the farmer, who had only been stunned by the blow, again attacked the burglar, only to be beaten into unconsciousness.

Satisfied that Magia was unable to again attack him, the negro grabbed Mrs. Magio by the throat, threw her on the floor, choked her into insensibility and took from her bosom the $107. He then assaulted the woman and escaped.

When she revived Mrs. Magia found her husband still on the floor, and all efforts to arouse him proved of no avail.

A general alarm was given among farmers in the surrounding country, and in a short time searching parties were invading nearby woods and lanes, but no trace of the negro could be found.

Summoned from Westville, Dr. J. Hunter, Jr., found the farmer in such a serious condition that he ordered the man sent to the hospital.

He was considerably weakened by the loss of blood when he arrived.

Toolgate Keeper Higginbotham, at North Woodbury, says a colored man in a buggy passed through the gate going toward Woodbury. He seemed in an excited state, and handed out a dollar note to pay toll and did not wait for the change.

Killed in Auto Wreck.

Atlantic City, N. J., Aug. 13.—Joseph Locke, a chauffeur, was instantly killed and Miss Margaret Sutton, Allan Wilson and James Brown were severely injured when an automobile in which they were riding collided with a bridge railing about six miles from this city. The party, all Philadelphians, had hired the car, and were returning to Atlantic City from a trip to Pleasantville. The road narrowed as it approached the bridge, and it is believed that Locke failed to properly direct the machine, which struck the iron rail with great force. The victims of the accident were discovered some time later by another automobile party, and the injured persons were brought to the hospital here.

Trolley Car Ran Down Auto.

Chicago, Aug. 13.—Mrs. Elizabeth Slaughter was instantly killed, another woman was probably fatally injured and two other persons, all of Evanston, were slightly hurt when an automobile in which they were riding was struck by a Chicago and Milwaukee electric car at Noyes street crossing in Evanston, a suburb. The automobile was slowly crossing the track when the heavy electric car darted out behind some freight cars, throwing the automobile and its occupants 40 feet against a telegraph pole.

Harvard Mascot Dead.

Boston, Aug. 13.—John Lovett, who is known to every Harvard man and throughout the college world generally as "John the Orangeman," died at the Massachusetts general hospital. Lovett was born in Ireland and came to this country when a lad. He became a peddler of fruit among the Harvard students. He began with a basket, but in later years peddled his wares from a donkey cart, the gift of the students. For years he was Harvard's favorite mascot at intercollegiate athletic events.

Shipwrecked Crew Rescued.

Chicago, Aug. 13.—Captain J. McCafferty, wife, son and daughter and a crew of nine men were rescued from a boat of the barge J. H. Hurd, which was in a sinking condition on Lake Michigan six miles off Grosse Point, by the freighter Mohawk. The barge sprang aleak, and all hands were compelled to take to a small boat. A heavy sea was running and it was with great difficulty that the boat was kept afloat until the freighter came in sight several hours later.

Pure Milk At Camp Roosevelt.

Harrisburg, Pa., Aug. 11.—The samples of milk and cream taken at Camp Roosevelt, the camp for instructions of regular and state troops at Mount Gretna, by agents of the state dairy and food bureau of Pennsylvania were analyzed by the state chemists here and found to be pure. The agents were given access to all supplies by General Fred D. Grant, who is in command of the camp. Analyses are being made of the meats and other foods procured in camp.

MILLIONAIRE A DESERTER

J. Raynor Storrs Wells a Prisoner on United States Receiving Ship.

Norfolk, Va., Aug. 13.—J. Raynor Storrs Wells, son of William Storrs Wells, president of the Fairbanks company of New Jersey and several times a millionaire, is a prisoner on board the United States receiving ship Franklin at the naval station here.

Young Wells enlisted as an apprentice seaman in New York a little more than a month ago, and later was sent to Newport for training before being sent to a warship. From there he was ordered to this station for further training with a draft of 30 other apprentices. He was granted leave to visit his parents, and was directed to report here with his comrades last Tuesday. All of the young men composing the draft arrived except Wells. The naval authorities located him in Philadelphia, and he was sent here escorted by a master-at-arms from the League Island naval station. Naval officers declined to allow newspaper men to talk with the prisoner. He will probably be court-martialed.

SCOLDING CAUSED SUICIDE

Girl Kills Herself Because Father Objected to Her Keeping Company.

Scranton, Pa., Aug. 13.—Susie Galla, aged 16 years, of Throop, near this city, committed suicide because her father scolded her for keeping company with a young man of whom he did not approve.

The young man had been seen around the house, but kept at a discreet distance, knowing that the father of the girl had an aversion for him. The father, however, saw the two together and went for the girl, compelling her to go home with him. The girl was mortified by the action of her father in reproving her in the presence of her sweetheart, and was beside herself with rage when her father continued the lecture in the house. Walking into a rear yard, she drew a revolver and immediately shot herself in the head, dying three-quarters of an hour afterwards.

STRUCK BY TROLLEY CAR

One Man Killed, Another Fatally Injured Near Lansford, Pa.

Tamaqua, Pa., Aug. 13.—Milton Whetstone, aged 33 years, cashier of the Citizens' National Bank of Lansford, was instantly killed and Daniel McGeehan, aged 27 years, assistant cashier of the same institution, was fatally injured by their carriage being struck by a trolley car.

The men were returning to Lansford after a short drive, and were crossing the tracks of the Eastern Pennsylvania Street Railway company when a car bore down on them. They whipped up their horse, but before they could cross the track the car struck the carriage. Both men were thrown under the car. Whetstone was killed instantly. McGeehan's back was broken by the collision.

Shortage Less Than $1,000,000.

Chicago, Aug. 13.—State Bank Examiner C. C. Jones completed his inspection of the affairs of the defunct Milwaukee Avenue State ank. The examiner was reticent concerning the exact results of his investigations, but intimated that the total shortage discovered is between $800,000 and $1,000,000. The bank examiner was confident that the president's son was cognizant of the condition of the bank before July 14, the date on which young Stensland said he first suspected trouble. The employes told the inspector of midnight trips to the bank by President Stensland and Cashier Hering.

Beat Wife's Brains Out.

Sherman, Tex., Aug. 13.—J. W. C. Wilder, a farmer, residing half a mile from Tom Bean, a small town six miles from Sherman, beat his wife's brains out with a flat iron and shot himself with a shot gun. The charge entered the left side, disemboweling Wilder. He will die. Three small children witnessed the crime of their father. One boy, 7 years old, and a smaller brother walked to Tom Bean and told the story to a married sister. No motive for the crime is assigned.

Five Persons Drowned.

Davenport, Wash., Aug. 18. — Five persons prominent in the social life of Davenport, who had been enjoying an outing on the banks of the Spokane river, were drowned. The dead are: Miss Winnie Jones, A. L. Bergett, Mrs. A. L. Bergett, Roy Howard and A. L. Inmarin. Four of the drowned heroically sacrificed their lives in an attempt to save others. One after another they plunged into the river, only to be seized by the undercurrent and drawn down.

NUGGETS OF NEWS

Four children were drowned by the capsizing of a gasoline launch on the river at Winnipeg, Man.

For misapplinance of public funds John A. Cook, former clerk of circuit court, was at Chicago sentenced to five years in prison and to pay $5000 fine.

Precipitated 25 feet from a falling scaffold at Altoona, Ernest Garrett, Edward O'Donnell and Ralph Clapper, bricklayers, were injured, Garrett probably fatally.

Struck by a Reading railway passenger train at Tamaqua, John Roberts Garinger, aged 32, suffered a fracture of the skull and was injured so badly that he died several hours later.

J. D. Montague, brother of former Governor Montague, of Virginia, died at Tuscombia, Ala., of poisoning, and a coroner's jury was unable to decide whether he was a suicide or victim of accident.

EXPLOSION ON WARSHIP

Five Men Burned By Accident On Torpedo Boat Destroyer.

Norfolk, Va., Aug. 11.—Five men were burned by an explosion in the paint locker on the torpedo boat destroyer Worden at the Norfolk navy yard.

While driving rivets in the paint locker on the Worden, one of the hot pieces of steel fell into a quantity of varnish, causing it to explode. The force of the explosion was so great that Robert White and William H. Wilson, who were driving the rivets, were blown through the opening leading into the paint locker and landed on deck. Immediately after the explosion the little boat caught fire, but the flames were extinguished without material damage.

Those injured are William H. Wilson, burned on head and entire left side from waist up, left eye badly injured, may die; Robert E. White, negro, painfully burned about right side and face; Hurlett Hodges, negro, burned on head; Henry Shurman, hair signed off, burned on hands and face; Joseph Harrow, right hand burned; unknown negro laborer, both hands badly burned.

All of the injured will recover, with the possible exception of W. H. Wilson. His entire left side is horribly burned, and it is believed that he inhaled some of the fire in the locker. He may also lose his left eye. He was sent to St. Vincent's hospital, in this city.

The other injured were sent to their homes in Norfolk and Portsmouth.

CHINESE LABOR FOR CANAL

Contracts Calling For 2500 Coolies Already Prepared.

Washington, Aug. 11.—Chinese labor will be given a thorough test on the Panama canal. Contracts calling for 2500 Chinamen for canal work have been prepared, and advertisements will be issued by the Isthmian canal commission in a few days asking for proposals from labor agents.

If the initial 2500 Chinamen prove a success it is likely that many more will be taken to the Isthmus to do the work, which is too hard for the Jamaicans now employed there in large numbers. Organized labor has offered much opposition to the employment of contract Chinese labor, but the Jamaican workmen have proven inadequate, sufficient Spaniards cannot be had immediately to rush the work, and the Chinese are the last hope of the commission.

If the contractors obtaining help for the commission do not pay more on the Isthmus than Chinese are paid in others parts of the world, it is believed the daily wage of the coolies will be less than that of the Jamaicans on the Isthmus.

WILL DISMISS TELEGRAPHERS

Lackawanna Railroad to Control Trains By Signal System and Telephone.

Scranton, Pa., Aug. 11.—Official announcement was made here that the Lackawanna railroad will, at an early date, dispense with the services of telegraphers on its system and will control the movement of trains with the automatic block signal system and the additional telephon facilities. The change will affect the entire line from Hoboken to Buffalo as well as all the branches. This will be the first railroad in America to make such a sweeping change. Trains will then be controlled under rules practiced in England, where despatchers are unknown.

NATIONAL ASSEMBLY FOR PERSIA

Shah Grants a Constitution and Reforms to Country.

Washington, Aug. 11.—For the first time in her history, Persia is to have a national assembly. This information was conveyed to the Persian minister here in a cablegram from Mirza Nassrollah Khan Mochiredolet Sadreazame, the grand vizier and minister for foreign affairs, who stated that in view of the desire of his imperial majesty, the shah, for the extension of national tranquility and for the welfare of Persia and all its inhabitants and in order to fortify the government, it had been decreed necessary to give certain reforms and a constitution durable for the country and for the administration. The immediate organization of a national assembly for the realization of these reforms was accordingly ordered.

Financial Troubles Caused Suicide.

Connellsville, Pa., Aug. 11.—S. R. Mason, a prominent music dealer and major general of the rifle brigade, Knights of the Mystic Senate, committed suicide by shooting himself in the head in the Eagles' club room. Letters found on his body assigned financial troubles as the cause for the deed. Mason was a member of the Elks, Eagles, Knights of Malta and Odd Fellows. In the letters he says he leaves his family penniless, but that his insurance will pay for his funeral expenses.

Trolley Men to Get a Raise.

Shenandoah, Pa., Aug. 13. — The threatened strike of the motormen and conductors of the Schuylkill and Lakeside railway has been averted. At a conference between the officials of the road and a committee from the union the former practically agreed to the demands of the men, which means an increase in wages of nearly 20 per cent.

Mad Mullah On the Rampage.

London, Aug. 13.—The correspondent at Aden of the Daily Mail reports that the Mad Mullah has raided the Somaliland border, killing more than 1000 of the Rareharon tribe dwelling in the Ogaden region and capturing 10,000 camels.

DOWN TO DEATH IN GRAIN CHUTE

Little Boy Buried in Mass of Wheat in an Elevator.

Lancaster, Pa., Aug. 13.—Rutter Lehman, 9 years old, was smothered to death in a grain bin in Herman's warehouse, at Gordonville, of which his father is manager. Young Lehman and a companion were watching the shipping of grain, and the boy either jumped or fell into the moving mass and was quickly buried from sight.

His companion gave the alarm, but in his excitement the warehouse men could not understand what was wrong. It required an hour's work to reach the boy with shovels, and he was then dead.

Father Killed By Daughter's Paramour.

Anderson, S. C., Aug. 13.—T. F. Drake, a prominent farmer of this county, was shot and instantly killed by J. Allen Emerson, a cousin, the tragedy occurring in the bedroom of Drake's daughter. Emerson, who came to Anderson immediately after the shooting, surrendered, and said that Drake, entering the room at a late hour and finding him there, had opened fire and that he, in self-defense, shot Drake. The daughter left for parts unknown.

Woman's Exciting Trip in Airship.

Franklin, Pa., Aug. 13.—Miss Mary Prentiss Miller, wife of Major Charles J. Miller, had an exciting trip in an airship in company with Leo Stevens, the inventor. The start was made after dark, and when the ship was 600 feet in midair the engien gave out. The craft descended on a hill overlooking the town, only 300 feet from the edge of a high precipice. In descending the end of the bag struck a house, but no damage resulted.

G. A. R. Invade Minneapolis.

Minneapolis, Aug. 13.—Nearly 50,000 persons have arrived to attend the 40th national encampment of the Grand Army of the Republic. The official program does not begin until Tuesday, and from that time until the close of the week every day will be fully occupied. There are at least half a dozen candidates for commander-in-chief of the organization.

Stole Brazilian Crown.

Paris, Aug. 13.—Telegraphing from Lisbon, the correspondent of the Journal says that a Brazilian named Guerreire has been arrested there charged with the theft of the crown of the Brazilian emperors, which is formed of precious stones and valued at $500,000.

KILLED AND THROWN IN CREEK

Unknown Man Murdered and Robbed Near Langhorne, Pa.

Philadelphia, Aug. 14.—Complete mystery surrounds the finding of the body of a well-dressed and apparently well-to-do man in Neshaminy creek, near Langhorne.

The fact that the man's skull had been fractured just over the left temple, and that the wound has the appearance of having been made with a dull instrument, leads the authorities to believe that the man was murdered, and that his body was afterward thrown into the creek. There is no clue to the identity of the man. It is believed that his pockets were rifled before the body wa sthrown in the water.

Suspicion is pointing to a gang of Italian laborers who are camped near Langhorne and engaged upon the work of building a new railroad bridge across the creek for the Philadelphia & Reading railway. The suspicion of robbery by the murderers of the man is added to by the fact that in the last week six or eight houses have been robbed near by. It is believed that the same gang which robbed those houses also killed the man with the purpose of getting his money.

A MATRIMONIAL SWINDLE

Philadelphian Causes the Arrest of a "Rich" Widow In New York.

New York, Aug. 11.—James S. McClelland, of Philadelphia, caused the arrest of Mrs. Helen Hamilton on a charge of using the United States mails to commit fraud under a pretense of matrimony. McClelland said that he had answered an advertisement in a Philadelphia newspaper which stated that a young widow with a liberal income and beautiful home desired to meet a gentleman. In response to a letter he was invited to call on Mrs. Hamilton, who, he averred, told him she had an income of $10,000 a year. They became engaged, and McClelland said the engagement ring cost $600. Subsequently, he said, he sent a check for $200 to pay for a locket. Finally, he declared, Mrs. Hamilton wrote that her brother was angry at her engagement and had cut off her income, and that she wanted $200 to conduct a legal action to regain it.

Mrs. Hamilton was held in $1000 bail for a hearing.

Banker Received Stolen Property.

Williston, N. D., Aug. 10.—W. M. Denny, banker, and mayor of Williston, was found guilty of receiving stolen property. It was charged by the authorities of Valley county, Mont., that Denny was the head of a band of horse and cattle "rustlers," and that he disposed of the booty surreptitiously acquired by the gang.

Soon a Thing of the Past.

The Buffalo Valley railroad, that picturesque line through the mountains of Union county, will soon be a thing of the past. This railroad runs from Lewisburg into the wilds of Clinton county, and during the past ten years has handled a great many million feet of lumber, thousands of acres being cleared off by the Kulp Lumber company. The road is a narrow guage, and over twenty miles in length. The company has about finished its lumbering operations and will take its equipment to West Virginia where they have bought a big tract on which to operate. Quite a number of miles have already been taken up, and on August 13th work will start on the removal of the ballance of the railroad.

Two Fishing Rods Unlawful.

Fish Commissioner Meehan has stirred up some of the anglers in the state by a letter he sent to some Norristown enthusiasts who were in doubt and trepidition about the number of rods or hand lines can be used in fishing when he is doing a lone stunt. There was some question about the matter among the fishermen of Montgomery county, and as the fish wardens have been active they concluded not to run any risk, and wrote to Mr. Meehan. The letter of the commissioner settles the momentous question how many lines or rods a man can run at one time and says in part: A fisherman can lawfully use one rod and one handline at the same time, each having not more than three hooks. The superior Court has so decided. But two rods or two hand-lines would be unlawful."

All Not Equal.

Some years ago the Chief Justice of the United States found that the tire of on of his wheels was loose and kept slipping off. Coming to a little stream he drove into it and got one little section af the wheel wet; then drove out and backed his horse, and the same part of the wheel went into the water again. Thus he kept going backward and forward, all the time wetting the same part of the wheel.

A negro saw the situation, and told the Justice to back into the stream again. He did so, the negro took hold of the spokes of the wheel and, turning it slowly soon had it well wet all around.

"Why, I never thought of that," cried the Chief Justice.

"Well," replied the darky, "some men just nat'ly have more sense than others."

Putting food in a diseased stomach is like putting money into a pocket with holes. The money is lost. All its value goes for nothing. When the stomch is diseased with the allied organs of digestion and nutrition, the food which is put into it is largely lost. The nutriment is not extracted from it. The body is weak and the blood impoverished. The pocket can be mended. The stomrch can be cured. That sterling medicine for the stomach and blood, Doctor Pierce's Golden Medical Discovery, acts with peculiar promptness and power on the organs of digestion and nutrition. It is a positive cure for almost all disorders of these organs, and cures also such diseases of the heart, blood, liver and other organs, as have their cause in a weak or diseased condition of the stomach,

MR. ROOSEVELT'S DOLLAR.

One of the first to heed the call of the chairman of the Republican campaign committee for one dollar contributions to the campaign fund is President Roosevelt. The President believes in the virtue of example and gives his dollar early with an implied injunction to all Republicans who share with him a true spirit of loyalty to party principle to go and do likewise. Undoubtedly the President's example will bear fruit. Its special value consists in the fact that every public act of the chief executive of the nation commands the attention of the whole people and that accordingly his recognition of the dollar a head idea will bring the merit thereof home to hundreds of thousands of citizens who otherwise might let it pass unnoticed.

Naturally this simple device commends itself to the President because of the conditions which have made it necessary. In former times the great corporations were the chief donors of campaign funds and very little money was obtained from the privates in the ranks of the political parties. Largely through Mr. Roosevelt's instrumentality, a death blow has been dealt to the practice of collecting funds from such sources. Henceforward therefore, the campaign committee of all parties must look to individuals for the wherewithal to meet the heavy cost of campaigning. There should be no difficulty on this head if it is only possible to enlist individual attention and to inspire generally an adequate sense of partisan obligation. It is this that Mr. Roosevelt has in mind and he has taken the one method of emphasizing his views where good results are sure to be achieved.

AN ISSUE THAT HAS BEEN SETTLED.

Says the Pittsburg Leader:

"The issue is and will be self-government. It is whether the people of this Commonwealth will take the reins of authority into their own hands or permit them to remain in the hands of the boss. It is whether the government of their State shall be by the people and for the people or by the boss and for the outlaw corporations." All of which sounds like a last year's campaign speech. What's the matter with the Leader?

Doesn't it know that the question of self-government has been settled definitely by the action of a Republican Legislature?

Doesn't it know that the people of this Commonwealth have taken hold of the reins of government; that hereafter they will make all nominations for office?

Doesn't it know that under the enactments of the Legislature a "boss" is out of the question?

And furthermore isn't it aware that the corporations are to be controlled in the interests of the people through a Railway Commission with the powers of the Interstate shall have been elected and Stuart shall have been sent to Harrisburg in full accord with the pledges of the Republican platform?

The issues that the Pittsburg paper sets forth were well enough in their day, but they have been effectually settled are out of the way—or will be very shortly.

Just now there is a little issde between the principles of Roosevelt, as indorsed and upheld by the Republican Party of Pennsylvania, and those of Bryanism. And it is a very live issue, too.

FARMERS ARE BENEFICIARIES.

Among the farmers one does not hear the demand for tariff revision that was heard the last time there was an agitation for reduction of tariff. That was in 1890-92. The Farmers' Alliane at the time voiced the demand and politicians took up the cry for the purpose of riding into office on the crest of the popular wave. The result was that there was a chance and the farmer got the worst of the deal. At this time the politicians lead the demand for revision. They must have to fan life into the old revision idea, thinking that the farmers will tumble all over themselves for the benefit of the politicians. But they don't enthuse very hard. Of course, a Democratic farmer enthuses, but he does it because of his party principles. Republican farmers recognize that they are the beneficiaries of the sound economic system maintained by the Republican party.

THE tariff is a matter of business rather than of politics. Free trade in some articles is best, a low tariff on others, while on some great branches of manufactures a high tariff is essential to save American interests from disastrous cheap labor competition. It is on this basis that the Dingley tariff is constructed. Forty-four per cent of imports come in free of duty. On the other 56 per cent. duties range from low to the high rates applied to great manufacturing industries for the purpose of preventing cheap labor competition. Not only is the tariff constructed on a statesmanlike theory, but it is the most successful system of customs taxation ever employed in this country, or any other country, perhaps. We thus speak because of the results achieved, nine years of prosperity unparalled in the history of the country.

—The Lock Haven Express says: From the D. K. Packer farm, at Mosseytown, comes a snake story that will at once incite the wrath and pity of those who love pets. The Packer children had a pet rabbit with a litter of six young ones in a large tobacco box near the house. The box was turned over on its side and the opening was covered with ordinary chicken wire. Monday evening when the children went to feed their pets a pitiful sight met their eyes. Four of the young rabbits had disappeared and the poor mother rabbit was lying at one side of the box in adying condition, while the cause of the trouble, a big rattlesnake was coiled up in one corner of the box enjoying the havoc he had made. The snake was killed and it was then discovered that he had swallowed two of the rabbits. The snake was three feet long and had seven rattles. He had crawled in through the wire netting, and, after his feast had been unable to squeeze out again. He had then evidently started to slay the whole family of rabbits and almost succeeded.

FOUR KILLED BY TRAIN

Boys Struck While Crossing Bridge at Elizabeth, N. J.

TWO BODIES FELL INTO STREET

Lads Were Returning From Base Ball Game and Did Not Hear the Train. Father of One Collapses On Hearing of It.

Elizabeth, N. J., Aug. 14.—Four boys, all under 9 years of age, were struck and killed by a Pennsylvania railroad train while walking across the railroad bridge over Broad street in this city. The bodies of two of them fell into the crowded street amidst a number of women shoppers, several of whom fainted.

The boys killed were: Lloyd Griffin and his brother, Walter, of this city; their cousin, Willie Griffin, a son of Michael Griffin, of Wilkes-Barre, Pa., and Raymond Daubner, of this city. Willie Griffin was visiting his cousins. The little party had been watching a base ball game, and were returning home by way of the tracks. They apparently neither saw nor heard the train, which was an express. The parents of Willie Griffin arrived here from Wilkes-Barre. They had decided to make their home here, and had sent on the lad to his uncle. Mr. Griffin collapsed on hearing of his son's death and is in a critical condition.

Died With Skull Crushed.

Lancaster, Pa., Aug. 14.—A man, who was able to give his name as William Hay before he died, was found along the Pennsylvania railroad, near Atglen, with his skull crushed and body badly cut and bruised. He was brought to the general hospital in this city where he died. It was impossible to ascertain where he was from.

Child Fell From Fast Train.

Springfield, Ill., Aug. 14.—While a Baltimore & Ohio Southwestern passenger train was running 30 miles an hour near Philadelphia station, Tony Bardinger, 4 years old, fell from the train. The child was found to be unhurt except for a slight injury to the back and a small cut on the upper lip. His father was restrained with difficulty from leaping off the moving train after the child.

SHOT WOULD-BE ROBBER

Saloonkeeper Fires When Thieves Demanded Money.

Rochester, N. Y., Aug. 14.—A sensational shooting affair took place at the saloon of Frank Randazzo, on State street. According to the statement made to the police by Randazzo, three men entered the saloon while he was alone. One of them stepped up to the bar and commanded $250 in cash at once, under penalty of death by the Black Hand. Randazzo said he opened the money drawer, but instead of taking out money he seized a revolver and fired at the man who made the demand. The man was killed instantly, the bullet taking effect in the heart. The other two men ran out of the place and escaped. It was found that the dead man was Lelajoyine D'Come, of this city. Randazzo was arrested by the police.

Another Warrant For Mrs. Hamilton.

New York, Aug. 14.—Another warrant was issued for the arrest of Helen Hamilton, who was arrested on Friday on complaint of James C. McClelland, of Philadelphia, charged with obtaining $800 from him by promising to marry him. The warrant issued was based on the complaint of Leo Kinsel, of the Mutual Life Insurance company, who alleged that he gave Mrs. Hamilton about $2000 while under the impression that she intended to marry him. He also alleged that he advanced about $2500 to her.

Rescue Caused Blush.

Atlantic City, N. J., Aug. 14.—Blushing women ducked behind parasols and sand banks when Life Guard Tallman in tugging Edward Reynolds, a 260-pound New Yorker, from the surf in Ventnor, tore off a very important portion of the man's bathing attire. Reynolds, who is a dignified broker at home, was deeply humiliated over the accident, and burrowed deep into the sand while the life guard rescued his floating clothes. The man got over his depth while bathing, and was helpless in the current when Tallman reachad him.

Charged With Impersonating Brother.

Washington, Aug. 14.—Charles Elmer Watson, a clerk in the navy department, who left this city several weeks ago, about the time a warrant was issued charging him with having impersonated his brother, James Watson, of St. Louis, Mo., in a civil service examination for an appointment in the agricultural department, returned to the city and was arrested at his desk. He was taken before United States Commissioner Taylor and released on $1000 bail.

200 Kegs of Powder Blown Up.

Fontanet, Ind., Aug. 14.—Two hundred kegs of powder exploded at a powder mill, wrecking the press mill of the plant and instantly killing Frank Hamilton, of Xenia, Ohio. Hamilton was blown nearly 100 feet, his body being cut to pieces. The loss is $35,000. Many windows were broken by the explosion. Greencastle, 12 miles away, reported a seismic disturbance following the shock of the explosion.

PRESIDENT WILL REVIEW FLEET

Will Be Strongest Squadron Ever Assembled Under U. S. Flag.

Washington, Aug. 14.—Orders for the formation of the Atlantic fleet to be reviewed by President Roosevelt at Oyster Bay September 3 were issued at the navy department. The president will be aboard the Mayflower, and the fleet which he will review will be the strongest, if not the largest, in numbers ever assembled under the United States flag. It will consist of 45 vessels carrying 1178 guns, commanded by 812 officers with 15,235 men. Of the guns 20 are 13-inch; 38, 12-inch; 73, 8-inch; 12, 7-inch; 158, 6-inch; 66, 5-inch, 32, 4-inch, and 779 under 4-inch. The auxiliary and supply ships will carry in addition to what is aboard the warships 7400 tons of coal, 2500 tons of provisions and 850,000 gallons of water.

Philatelic Society In Session.

Boston, Aug. 14.—An exhibition of postage stamps valued at over $100,000 and a reception to the more than 200 delegates at the Hotel Bellevue weer the features of the opening of the 21st annual convention of the American Philatelic Society. President A. C. Howes, of the Boston society, assisted by William C. Stone, of Springfield, Mass., president of the American society, welcomed the delegates.

Cut His Throat Before Mirror.

Sydney, N. S., Aug. 14. — Horace Dickson Mayhew, son of Horace Mayhew, of Broughton Hall, Wigan, Lancashire, England, president of the Cape Breton Iron and Railway company, committed suicide by cutting his throat before a looking-glass at his apartments in Mira, N. S. A coroner's jury decided that he was temporarily insane.

RETURNED AFTER 31 YEARS

Chicago Professor Handed Wife $5000 and Said "Ask No Questions."

Chicago, Aug. 14.—After an unexplained absence of 31 years, Professor Charles H. Frye, former superintendent of the Chicago Normal School of this city, returned to Chicago. Upon arriving at his home he handed 50 $100 bills to his wife with the remark, "Ask me no questions."

Frye was 41 years old when he disappeared. No word had been received from him by his wife. He was recognized immediately in spite of his altered appearance. He is said to have made money in the Philippine Islands. His wish that no questions be asked him regarding his wanderings has been respected, and he has settled down at home as though nothing happened.

Two Dead In Heavy Storm.

Meridian, Miss., Aug. 14.—The loss of two lives has already been reported as the result of a storm which precipitated nearly four inches of rain within an hour and did thousands of dollars damage to property. William Barton, a 6-year-old boy, was struck by lightning and killed and a negro was caught and drowned in the rise of a small creek near the city. In outlying portions of Meridian scores of women and children were driven from their homes, and in parts of the business section water rose to a depth of more than a foot on the floors of stores.

Miss Case Adjudged Insane.

Oyster Bay, Aug. 14.—Lunacy proceedings were instituted against Mrs. Asi L. Esac, or Elizabeth Case, who created a disturbance during the church service attended by President Roosevelt. Should Miss Case remain within the jurisdiction of Nassau county officers until Wednesday, she will be taken before Judge Jackson at Mineola for commitment as an insane person. Miss Case was examined by Dr. Fowler, of Oyster Bay, and Dr. Seamar, of Glencove, who wer formally constituted examiners in lunacy by George Hoffman, county overseer of the poor.

Summer Feeding.

Mistakes are oftime made in the feeding of poultry in the summer. If the hens are in good condition for laying they will fare much better if compelled to come off the roost in the morning and scratch for their breakfast than if they are permitted to walk up to the trough and fill their crops. The morning feed of grain and seeds may beiscatterd in the litter after they are on the roost at night so they can begin as early in the morning as they desire. Before going to roost at night they may be given all they can eat and and will digest all their crops can hold before morning.

—Next Saturday will be Red Men's day at Lakemont park. In the morning the crowd will be entertained at base ball, after which the famous corn boil will be introduced. There is to be 300 dozens of "roasting ears" served gratis from 11.30 to 12.30. Dancing will be indulged in during the afternoon and evening, for which Schuster's orchestra will furnish music. The Altoona City band, too, is to render afternoon and evening concerts in the casino. The burning of the sutler's train is scheduled for the afternoon, following which the day's big feature—a shambattle—will take place. This will be participated in by Companies C, of Hollidaysburg, and E, of Altoona, National Guard of Pennsylvania; Company H, Sons of Veterans' Reserves, and Red Men in war costume. A grand pyrotechnical display is planned after nightfall, to include some of the most magnificent pieces in this section.

PETER M. SMITH.

Died at His Home on East Bishop Street Wednesday Morning.

Peter M. Smith, a well known resident of this place, died at his home on East Bishop street Wednesday morning at 10:30 after a week's illness of heart disease.

The deceased was born in Limestoneville, Northumberland county, Pa., May 24th, 1841. He was the son of Jacob and Elizabeth Smith. For the past thirty-nine years he has been a resident of Bellefonte. For many years he followed the wagon makers trade but for the past eleven years he has been in the upholstering business. He was a member of the United Brethren church and a conscientious christian gentleman.

He was married to Miss Mary J. Lohr, of Fillmore, who survives him with the following children, George, Lillie, William, Elizabeth, Charles, Luther, Thomas, John, Mary and Emma.

He also leaves two sisters and one brother namely, Mrs. John Pflegan, of Johnstown, Pa., Mrs. Edward Coolbaugh, of Williamsport; and John of Philipsburg.

The funeral took place on Saturday morning at 10 o'clock, services held at the house.

Men and Women

"Men," she said, "are continually asking in the newspapers the questions:

"Why does a woman always want to know if her hat is on straight?"

"Why does she sharpen pencils with her husband's razor?"

"Why will she ruin a fifty dollar gown in a struggle to save 2 cents at a bargain counter?"

"I think it is about time we women should retaliate on the men with some questions like these.

"Why does a man when he finishes with a newspaper always throw it in a heap on the floor instead of folding it up neatly?"

"Why when sent to look for some thing in bureau or closet does he always return and say it isn't there?"

"Why is his Sunday morning headache always due to what he ate, not to what he drank, on Saturday night?"

"Why as he laughs at women does he fail to perceive that women find much of the ludicrous in him?"—Minneapolis Journal.

Died.

Thompson M. Reese, died Saturday morning July 21, 1906, he was the son of Valentine and Margaret Reese well known residents of Centre Co. Thompson had moved to Potter county some years ago where he lived at the time of his death. Surviving him are his wife. Those who attended the funeral from a distance were, Mrs. Annie E. Homan, Pittsburg; Mr. George Reese and wife, Punxsutawney; Franklin Reese, Snow Shoe; Misses Lucy Marshall and Della Hoover, Runville, Mr. Samuel Lucas, wife and daughter, Warriorsmark; Miss Olive Marshall, Bellefonte; and the brothers and sisters of the deceased. Something for Our Bald Headed Friends.

A number of men of the western section of Chester, Pa., following advice they believe will prove a boon to the bald-headed.

Augustus Weber, one of the oldest residents of that section, prides himself upon a luxuriant growth of hair, and, declaring that he did not feel justified in permitting the secret to die with him, he has explained how he retained his Samsonian locks.

"For a number of years," said Mr. Weber, "I have been getting my hair cut on or about the first Friday of the full moon. I started to do this when I saw that my hair was gradually getting thinner, and was gratified to see that it not only stopped falling out, but that a new growth began to appear upon the bald spots.

"The secret was given me by an old man who manufactured medicines from herbs, and in order to get the information I had to promise him not to reveal the secret until after an elapse of two decades. Why he exacted this promise I do not know."

One young man who is trying Mr. Weber's plan declares that he can notice his locks getting thicker. Others say they have no faith in the cure, but are trying it just for the novelty of the thing.

The Midway Parade

The managers of the Midway which is to be held in the armory next week during the Firemen's convention have arranged a big parade which is to be held Tuesday and Wednesday evenings The parade will start promptly at 7 o'clock from the armory and parade the principal streets of the town. It will be lead by Co. B. 5th Regiment N. G. P., then will follow the Coleville band. Logan and Undine fire company's, beautiful floats decorated with flowers and flags, automobile parade, little German band and Fool's dance.

The Fool's dance will be given in the Diamond each evening and is positively the funniest thing you ever saw. Another thing that is sure to make a hit is the "German band." If you miss seeing this parade you will surely regret it.

Liver and Kidneys

It is highly important that these organs should properly perform their functions.

When they don't what lameness of the side and back, what yellowness of the skin, what constipation, bad taste in the mouth, sick headache, pimples and blotches, and loss of courage, tells the story.

Hood's Sarsaparilla and Pills give the kidneys and liver the vigor and tone necessary for the proper performance of their functions, and cure all their ordinary ailments.

W. S. Watson, Altona, Ill., says: "I took Hood's Sarsaparilla for kidney trouble and it did the work nobly. Three bottles cured me."

Accept no substitutes for Hood's Sarsaparilla and Pills, for no substitutes act like them.

"New Lamps for Old."

Such was the cry of Aladdin." Something you want for something you have that you have ceased to need," is the slogan of the "For Exchange" Department of the Thrice-a-Week World. With its 120,000 readers, scattered all over the United States, its "For Exchange" column is just the thing. Write for rates. Cost small—result great.

Forbidden to Kiss.

A kissless existence is guaranteed to every child attending school in Indiana.

The State Board of Health gives the guarantee. This is the first communication the children returning from vacation will find on the notice boards of their schools:

"Do not kiss any one on the mouth or allow any one to do so to you."

SEALED PROPOSALS

Commonwealth of Pennsylvania.

STATE HIGHWAY DEPARTMENT,

Harrisburg, Pa,

Sealed proposals will be received by the State Highway Department of Pennsylvania, under the Act approved May 1st, 1905, for the construction of 9,274 feet of road, extending from the railroad crossing at Clarence to the ntersection of Sycamore Street and Moshannon Avenue, in Snow Shoe Township, in the County of Centre. Plans and specifications can be seen at the office of the county commissioners, Bellefonte, Pa., and at the office of the State Highway Department, Harrisburg, Pa. Bidding blanks will be furnished by the State Highway Department upon request. Bids must be endorsed "PROPOSALS FOR RECONSTRUCTION OF ROAD IN SNOW SHOE TOWNSHIP, CENTRE COUNTY," and received at the office of the State High way Department not later than August 25th, 1906.

JOSEPH W. HUNTER,
State Highway Commissioner.

State Sends South After Wild Turkeys.

The proposed state game preserve on the public forest reservation at Mount Alto will be stocked with young wild turkeys from Alabama by the state game commission. The turkeys are now being procured Dr. Kalbfus, secretary of the commission, under whose direction the preserve is being established.

If deer can be procured, they will be also placed in the preserve, which will be about 2½ miles square and will be inclosed by a single wire. It was the original intention that the preserve should be a resting as well as breeding place for all kinds of game, being "closed" all the year.

The Clinton and Centre county preserves are virtually completed, the surveys having been made and the first of the wire boundaries erected. Sportsmen all over Pennsylvania have given the commission assurance that they will respect these preserves.

"Let me give you a talk on game protection," said Secretary Kalbfus. "Up at the Cove, fourteen miles west of Harrisburg, there are nine white cranes and three blue ones, and they do not mind the approach of any one, so well is the law observed. We had to fine several persons $10 a bird for killing them before the law was obeyed."

Free Scholarships in Nurse Training.

The Philadelphia School for Nurses has purchased large properties at 2219-25 Chestnut Street, Philadelphia, and will extend the benefit of the Free Course in Nursing to young women of every rural community and of smaller towns and cities throughout the entire country.

The course is two years, but may be shortened to eighteen months by six months' reading and study at home.

The School provides room, board, nurse uniforms, gives full instruction, and pay the student's fare home at the end of the Course.

A special short course is provided for those who cannot spend two years in the study but who wish to quickly prepare themselves for self support.

The object of those who are providing the funds for this work is to ultimately extend the benefits of skilled nursing to every village and township in the land.

Nearly 200 Free Scholarships will be available this year.

Only a Mask

Many are not being benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat nor sleep well. What they need is what tones the nerves, perfects digestion, creates appetite, and makes sleep refreshing, and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine which, as we know, "builds up the whole system."

TO REPUBLICANS:

We are anxious to have every Republican in close touch, and working in harmony with the Republican National Congressional Committee in favor of the election of a Republican Congress.

The Congressional campaign must be based on the administrative and legislative record of the party, and, that being so, Theodore Roosevelt's personality must be a central figure and his achievements a central thought in the campaign.

We desire to maintain the work of this campaign with popular subscriptions of One Dollar each from Republicans. To each subscriber we will send the Republican National Campaign Text Book and all documents issued by the Committee.

Help us achieve a great victory.

BANK OFFICER A SUICIDE

Paying Teller of Wrecked Chicago Concern Shoots Himself.

DRIVEN TO IT BY CRITICISM

Forged Notes of President Stensland Aggregating $500,000 Found By Investigators, and Defalcation May Reach $2,000,000.

Chicago, Aug. 10.—Frank Kowalski, for five years paying teller of the Milwaukee Avenue State Bank, which failed last Monday, shot and killed himself in his home. Criticism by neighbors and friends, who accused him of a share in the downfall of the bank, is believed to have driven Kowalski to suicide.

The acme of his trouble was reached when a woman he had known for years accosted him on the street and accused him of being responsible for the failure of the bank. Speaking of the incident later, Kowalsik complained bitterly of the suspicions of his friends, and declared that unless his character was speedily cleared he would take his own life.

Kowalski's relatives assert their firm belief that he was innocent of any knowledge as to the mismanagement of the bank by President Stensland. When the bank failed, Kowalski had $700 of his own money on deposit in the institution, and his immediate relatives had in the bank nearly $50,000. Kowalski, who was 30 years old, had been with the bank for 13 years, beginning as office boy.

While the search for Paul O. Stensland, the missing president of the failed bank is extending to all parts of the country, Cashier Hering, who was arrested Thursday, spent some time with the attorneys examining the bank's collateral in an effort to determine the shortage in accounts. After an all day's search, forged ontes aggregating more than $500,000 were found, and are now in the possession of the state's attorney, who will use them in the prosecution of the persons responsible for their utterance. From statements made by Hering regarding loans made by Stensland to himself, and the mortgages found by previous investigations, it is asserted that when a final adjustment of the affairs of the bank is made it will be found that President Stensland's alleged defalcations will aggregate nearly $2,000,000.

WM. LOEB, JR., SUED FOR $50,000

Nadage Doree Seeks Damages From President's Secretary.

Oyster Bay, Aug. 11:—William Loeb, Jr., secretary to President Roosevelt, was made defendant in a $50,000 damage suit, in which he is charged with having caused the false arrest of Nadage Doree, a Hebrew writer, Washington, when Miss Doree was distributing leaflets advertising her work in defense of Russian Hebrews at St. John's Episcopal church.

The papers were served on Mr. Loeb by a New York firm of lawyers. They require him to make answer within 20 days in New York. Mr. Loeb will be defended by the department of justice. The arrest, he says, was made by the Washington police without his knowledge.

Miss Doree made an unsuccessful effort to see President Roosevelt at Oyster Bay last summer.

Woman Killed In Auto Wreck.

New York, Aug. 11.—When an automobile owned and driven by Stewart Elliott ran into a mounted policeman in the Bronx, Mrs. T. W. Noble, of 635 Tremont avenue, Baltimore, was thrown out and so severely injured that she died in the Fordham hospital. Miss Margaret Johnson, of this city, also of the party, is still in the hospital, seriously hurt. Mr. Elliott and the policeman, Harry F. Smith, were only slightly injured. The mounted officer was riding after the automobile in an attempt to arrest the driver of the machine for an alleged violation of the speed laws. He galloped alongside the car, when it swerved toward him. The horse stumbled and fell and the automobile was thrown into a fire plug and wrecked.

Rockefeller Finances African Railway.

London, Aug. 11.—The Times says it learns from a reliable authority that John D. Rockefeller has furnished funds for railroad development in Tanganyika, Africa. This led to the recent rise in Tanganyika shares and Rhodesians generally. In its financial article the Times says the development of the Tanganyika company's potential resources has been checked by the difficulty of raising capital for the completion of railroad communications. The investment of American capital in South Africa which already has benefitted so much from American engineering skill, is naturally an event of some importance.

Wilkes-Barre Brewer Dies in the West.

Wilkes-Barre, Pa., Aug. 13.—Word has been received here that Charles Stegmaier, the wealthy brewer of this city, died at Los Angeles, Cal., of general debility. He was 85 years of age. Mr. Stegmaier came to this country from Germany in 1836. He was identified with many enterprises in and about Wilkes-Barre, and leaves an estate valued at $4,000,000.

Czolgosz Failed to Pass.

Cleveland, O., Aug. 13.—Michael Czolgosz, a brother of the man who killed President McKinley, was unsuccessful in his effort to get on the local police force. He could not pass the necessary examination.

LABOR PARTY IN NEW YORK

Labor Unions Enter Into Independent Politics.

New York, Aug 10.—A new political party to be called the Independent Labor party was formed in this city at a meeting called at the suggestion of the executive committee of the Central Federated Union, and composed of about 75 members of the different labor unions of Greater New York. James Hatch, of the executive committee of the Central Federated Union declared that the union had determined to enter into independent politics this year, and had mapped out a plan to have a labor party organization in every assembly district of Greater New York, and that in a day or two every labor organization would receive a letter in which the matter would be explained.

In a speech explaining the new organization Hatch said: "The labor people have received little recognition from either party. There are labor laws on the statute books, but they are there for ornamental purposes and are not enforced. President Roosevelt was going to enforce the eight-hour laws but it would never have come to his attention had it not been for the labor rising all over the country."

$750,000 FOR CAPE MAY

Government Experts Will Recommend Improvement of Harbor.

Cape May, N. J., Aug. 10.—That the board of engineers for the rivers and harbors committee will recommend the $750,000 appropriation asked from congress for the deepening of the channel and making other improvements to the harbor, in addition to the dredging of the channel already done by the Cape May Real Estate company, was the general impression after the committee had completed its investigations.

At a public hearing at the Windsor Hotel it was pointed out that aside from the trade advantages which would follow the improvement of the harbor, Cape May would be available as a coaling and supply station for United States battleships. Members of the engineer board, however, declined to make a definte statement as to what the report would be.

Offered Presidency of State College.

Harrisburg, Pa., Aug. 11.—Professor George Olds, of Amherst College, will be elected president of the Pennsylvania State College to fill the vacancy created by the recent death of Dr. George W. Atherton, if he will accept. A committee of trustees was appointed by the board at the meeting here to tender the presidency to Professor Olds.

Herman Defeats Yanger.

Indianapolis, Aug. 11.—Kid Herman got the decision over Benny Yanger at the end of a 10-round fight. The conditions of the match were 10 rounds, continued in-fighting tactics throughout the contest. Frequent clinches and hard hitting characterized the bout.

Dr. George Bailey Resigns.

Winona Lake, Ind., Aug. 11.—Dr. George Bailey, of Philadelphia, resigned as international treasurer at the meeting of the executive committee of the International Sunday School Association. F. A. Wells, of Chicago, was unanimously elected as his successor.

NUGGETS OF NEWS

Dr. James Weir, of Owensboro, Ky., author of several medical works, died at Virginia Beach, Va.

In a wreck on the Fort Worth and Denver City railroad near Fruitland, Tex., 56 persons were injured, several fatally.

While under arrest for smuggling liquor at Fort Oglethorpe, Chattanooga, Tenn., J. Coerner, 13th cavalry, committed suicide.

DROWNED SAVING FIANCEE

John Myers Sank as Soon as Ladies Were Safe in Boat.

Harrisburg, Pa., Aug. 13.—John Irvin Myers, an engineer in the Pennsylvania railroad yards at Enola, was drowned in the Conodoguinet creek, near West Fairview, where he was camping with a party of young people. While Myers and his fiancee, Miss Mabel Updegrove, and Miss Bertha Filling, both of this city, were bathing the young women found themselves beyond their depth. In his efforts to save them, Myers, who was a strong swimmer, was hampered by their struggles. Mrs. Jacob Baum, of Harrisburg, saw the struggle in the water and quickly rowed a skiff to their assistance. The women in the water fainted, and Myers had barely strength enough left to assist Mrs. Baum in taking them into the boat. As soon as they were safe he sank for the last time and his body was recovered 20 minutes later.

Myers and Miss Updegrove were to have been married in October. He was building a house Enola for their future home.

LYNCHER FOUND GUILTY

George Hall Sentenced to Fifteen Years in North Carolina.

FIRST CONVICTION IN STATE

Evidence Against Hall Was Overwhelming and Jury Returned Verdict After Several Witnesses Were Heard—Charged With Conspiracy.

Salisbury, N. C., Aug. 10.—What is said to be the first instance of the conviction of a lyncher in the history of the state was furnished here when George Hall, a white ex-convict of Montgomery county, North Carolina, who was one of the party that Monday night lynched three negroes in jail here for the murder of the Lyerly family, was found guilty of conspiracy in connection with that crime and was sentenced to 15 years in the penitentiary. The jury was out but 35 minutes and returned then with a verdict of guilty, after several witnesses had been heard. Judge B. F. Long sentenced Hall to the maximum term provided for by law—15 years at hard labor in the penitentiary. The evidence against Hall was overwhelming. He was remanded to jail. Counsel has appealed on the ground that Governor Glenn was in Atlantic City when the special term at which Hall was tried was ordered, and that, being out of the state's bounds, he had no jurisdiction.

The state sprung a surprise in the trial when the offense against the prisoner was changed from murder to conspiracy. When the court was called to order former Congressman T. J. Kluttz announced his client would contend that the court was unlawful. It was argued that the governor could not sign a commission for such a court unless he was in the state, and it was claimed that he was at Atlantic City. Mr. Kluttz asked that a subpoena be served on Governor Glenn and have his brought to court to testify. This was done, and the chief executive of the state was sworn and questioned about his whereabouts on the 15th of July, the day that the call for the court was made. He said that he was in Atlantic City, N. J., but in order to do what he could to prevent a lynching he wired his private secretary to issue the commission and sign his name to it. This he considered the proper thing to do.

The objection of the defendant was overruled and the trial proceeded. The first witness was David W. Julian, a deputy sheriff, who testified that he saw Hall leading a mob of about 30 men, some of whom the witness knew. The officer had in custody a man he had arrested at the jail. Hall, said the witness, carried a hammer and threatened to brain him if he did not liberate the prisoner. [illegible] testimony was offered and the case speedily given to the jury.

Bank Wrecker Gets Nine Years.

Boston, Oct. 11.—John W. Dickinson, of this city, who was convicted as an accessory in the misapplication of the funds of the South Danver National Bank, of Peabody, was sentenced to serve nine years in Dedham jail by Judge Dodge in the United States district court. He was admitted to bail of $15,000, pending an appeal to the circuit court of appeals. The South Danvers National Bank was placed in the hands of a receiver six years ago, when it was discovered that losses of $250,000 had been sustained.

Conscientious.

Young Wife—What's the trouble? Why do you sit on the edge of the chair? Husband—Well, dear, you know we are buying it on the installment plan and that's all I feel entitled to.

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed *free* to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the *names of the ingredients* on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it *in a class all by itself*, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowles and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

BOY SHOT AND KILLED BY FRIEND

Accident Happened While They Were Hunting Groundhogs.

Johnstown, Pa., Aug. —Clifford Roberts, the 16-year-old son of Timothy Roberts, of near Tensburg, was shot through the head by a boy friend while the two were hunting groundhogs near the boys' homes in Cambria township. Young Roberts was digging in the ground after a specimen of the game they were hunting, while his companion, a boy named Hughes, stood guard at a hole with a flobert rifle. The weapon was accidentally discharged, the bullet passing through young Roberts' head. He died at hour later.

TWO FINANCIERS SENTENCED

Former Mill Owners Fined $500 and Given Six Months For Conspiracy.

Pittsburg, Pa., Aug. —George and John Robinsteen, former well-known local financiers and mill owners, were sentenced to pay a fine of $500 each and undergo six months' imprisonment in the workhouse. The Robinsteens were officers and large stockholders in the Eleanor Iron and Steel company, which went into the hands of a receiver several months ago, and it was in connection with the failure of this concern that the charges of conspiracy and misdemeanor were brought upon which the brothers were convicted.

Root at Montevideo.

Montevideo, Aug. — Secretary Root arrived here on the cruiser Charleston. Never perhaps in the history of the Uruguayan republic has popular feeling been more visibly manifested than by the really remarkable demonstrations of satisfaction on the part of all classes with the visit of the eminent American statesman to this picturesque capital. Although necessarily not on the same scale of magnificence as the reception accorded to Mr. Root by Brazil, or that in course of preparation by Argentina, Montevideo has extended to him a welcome full of spontaneous warmth and cordiality.

Jones Did Not Represent Oil Trust.

Washington, Aug. —Former Senator James K. Jones, of Arkansas, denied that he in any manner represented the Standard Oil company when he visited the president at Oyster Bay. "The Standard Oil company was not mentioned in the interview with the president," said Mr. Jones. "I presented the interests of Mr. Barnsdale, of Pittsburg, in a controversy that gentleman has with the interior department concerning oil leases in Indian Territory. He told me that his oil investments were in no manner associated with the Standard Oil company."

Pulajanes Kill Five Americans.

Manila, Aug. —First Lieutenant John F. James and two privates of the Eighth infantry, with Contract Surgeon Calvin Snyder and Internal Revenue Collector Williams, of Illinois, were killed in a hand-to-hand fight with a force of Pulajanes at Julita, Island of Leyte. The detachment, consisting of 10 men, was greatly outnumbered, but made a gallant fight. The Pulajanes captured three pistols, four Krag-Jorgensen rifles and 300 rounds of ammunition.

RECORD-BREAKING CROPS

The Most Useful Fish.

The cod is the most useful fish in the world. As an article of food, wholesome and substantial, either fresh or salted and dried, it forms a valuable addition to the food resources of the world, and in this and other ways few members of the animal kingdom are more universally serviceable to mankind. Enormously prolific (one fish producing 9,000,000 eggs) and widely distributed, its usefulness is appreciated almost everywhere. The tongue is considered a delicacy, the swimming bladder furnishes isinglass equal to that got from the sturgeon, while cod liver oil has a worldwide reputation as a medicine and food in pulmonary and other wasting diseases, where its highly nutritive properties give it great value. The Norwegians give cods' heads, mixed with marine plants, to their cows to increase the yield of milk. The Icelanders give the bones to their cattle and in Kamchatka the dogs are fed on them, while in the icy wastes, destitute of trees, they are frequently dried and used as fuel.—London Answers.

Storms in Bald Eagle.

Destructive storms still continue to visit this part of the state and one Friday evening which swept through Bald Eagle valley caused considerable damage. At Fowler station on the B. E. V. R. R., about 300 feet of track was washed out and traffic was delyed for several hours.

In Clearfield county an immense amount of water fell and in consequence the river and Bald Eagle creek arose several feet.

Pesky Bugs Peck Ankles of Maids of Nutmeg State.

The peek-a-boo bug" has made its appearance in Ansonia, Conn., and the neighborhood.

The bug is voracious and ill-mannered. It has already interrupted three proposals of marriage. Just when the lovely young woman was about to murmur "yes" she shrieked "Ouch!" and tried to grab her shoulder blade or her ankles.

Physicians have treated many young women whom the peek a-boo bug has bitten. All the doctors can do is to prescribe soothing lotions and often they have prescribed in the dark, so to speak.

The doctors have not been able to classify the "peek-a-boo bug."

The insect looks like an ordinary house fly, but is not. The virus it deposits is very poisonous, for the swelling that follows its bite is great and does not yield to treatment quickly. The flesh around the bite becomes hard and the skin leathery but painful.—Pittsburg Dispatch.

THE WOMAN WHO COUGHED.

Catarrh had nearly ruined me. It had eaten away the partition in my nose; produced Asthma, Bronchitis, Rheumatism; ruined my stomach; in fact, gone all through my system. Then Grip finished me. I was a wreck; took cold at nothing; and coughed day and night. The doctors dosed me with opium and quinine. No good. Cough "cures"? Bah! Then Brarlian Balm renovated me. Killed every germ. Telephones Knocked Out.

The telephone exchanges and the electric light companies have had an unusual amount of trouble since Monday. It started with the Bell exchange. The switch board became highly affected and wires began to heat and burn off, while the safety fuses were not melted. The large cable back of the postoffice became heated and partly burned off with flashes of fire leaping over it. This cable contained fifty pairs of wires, and as a result many phones went out of service.

Next the Commercial exchange experienced similar symptoms. The apparatus became charged and heated, and the large cable leading out across the street was put out of commission. Both companies had at least over a hundred disabled phones on Tuesday, and they were unable to trace the cause of the trouble, which was supposed to be due to a connection with the electric light wires.

Farmer's Horse Sank into Deep Hole

Wednesday afternoon about 2 o'clock Clarence Houtz, who resides two miles west of Madisonburg, Centre county, had a strange and exciting experience. He was plowing in his field, when suddenly he found that his team was disappearing as if by magic. The ground was slowly giving way under them. He immediately unhitched his team, but by the time he had them unhitched from the plow one of the horses had sunk to such a depth that it was impossible to get him out. The animal, continued to sink for eighteen feet below the surface of the ground. At first it was thought unsafe for anybody to work around the hole, as it was uncertain how much further it would go down. Finally a large crowd of men gathered and work was commenced to rescue the animal. They built a frame work over the hole and then began trying a block and tackle to rescue the horse. It was found, however, that this method was not practicable. They then began digging a slanting ditch, which took four or five hours, but by this means the horse was rescued. The horse was unhurt but was so weak from the trying ordeal that it could hardly stand. The sudden collapse of the ground was due to a cave beneath.

Railroad Company Deprived of Charter.

The Altoona and Philipsburg Connecting Railroad company was put out of business Thursday by Judge Capp, of the Dauphin county court. In an opinion in the quo warranto proceeding brought by Attorney General Carson recently to show cause why the company's charter should not be forfeited, Judge Capp orders the company to be excluded from the franchise of the corporation.

This company was chartered in 1892 to build a line from Janesville, Clearfield county, to Philipsburg, Centre county, a distance of twenty miles. It is alleged to have issued capital stock to the amount of $404,000 without receiving therefore any consideration, and issued bonds to the amount of $825,000.

Construction of the road was to cost $500 a mile, on which the state was to receive 10 per cent as tax. The company, it is said, failed to pay in the 10 per cent, or construct the road as required, hence the proceedings to revoke its charter.

ANARCHY AND ITS CURE

Secretary Bonaparte Discusses Subject at Cumberland, Md.

ADVOCATES THE WHIPPING POST

Declares Anarchism Cannot Be Removed By Legislation, and Suggests Death For Attempted Murder and Lashing For Lesser Crimes.

Cumberland, Md., Aug. 13.—Secretary of the Navy Charles J. Bonaparte delivered an address at the Allegheny Chautauqua, near Cumberland, before a large gathering, his subject being "Anarchism and Its Remedy." He was introduced by Congressman George A. Pearre, of Maryland, and said in part:

In September, 1901, when the American people heard that their president was an assassin's victim, there mingled with the universal amazement, grief and indignation a feeling of peculiar horror aroused by the apparent absence of any provocation or even intelligible motive for the crime. Lincoln was slain when a whole people, exasperated by four bloody years of civil war, were desperate in the certainty of hopeless and overwhelming defeat inflicted, most of all, by him that a wicked and reckless man should have conceived and carried out, at such a moment, a scheme for his murder, however deplorable, was not, after all, surprising. The wretch who murdered Garfield combined such intellectual frailty with such moral depravity as to seem rather a hideous lusus naturae than a fair type of any class of men. But Czolgosz was at once recognized to be probably no worse than some thousands of men and women in our midst, and many more scattered throughout the civilized world, men and women who accept the name and share the opinions he avowed. So far as could be seen, his reasons for killing President McKinley would lead any one of them to kill President Roosevelt, should opportunity offer, and, with this practical application of their theories, their existence became a source of real peril, not only to presidents, but to all public officers and to all eminent men. And, to the alarm they caused, there was added a hearty and practically universal detestation for their doctrines, their language and their lives.

Anarchism is the product of two conditions which prevail, to a greater or less extent, everywhere among the less enlightened classes of modern civilized society, namely, the decay of religious faith and a measure of superficial and, therefore, unsound, popular education.

So much for the evil; how can it be cured? If we mean cured in a day, a month, a year, a decade, I answer unhesitatingly—not at all. Anarchism will not be removed within a given time, or through a special measure or set of measures; perhaps it will not be wholly removed in any time or by any means. It is the product of causes which cannot be eradicated by legislation, however drastic, of causes which lie deep in the scheme of modern civilization. But because I have no panacea to recommend, it must not be supposed that I would have nothing done. I believe that anarchism has already been made less and can be made much less dangerous and harmful by being dealt with seriously and rationally. In other words, I would see ourselves and our public servants in earnest and willing to be guided by common sense and experience in seeking a remedy, without regard to a little doctrinaire prejudice and a little pseudo humanitarian claptrap.

In the first place, the unlawful acts prompted by anarchism should be made crimes, in so far as they are not strictly speaking, crimes already, and, as crimes, they should be visited with such penalties as are particularly distasteful to the criminals, and therefore the most effective deterrants to crime.

On anarchists the death penalty should be unequivocally imposed by law and inflexibly executed whenever the prisoner has sought, directly or indirectly, to take life. For offenses of less gravity, I advise a comparatively brief, but very rigorous imprisonment, characterized by complete seclusion, deprivation of all comfort and denial of any form of distraction, and which could be, to my mind, advantageously supplemented by a severe but not public whipping. The lash, of all punishments, most clearly shows the culprit that he suffers for what his fellow men hold odious and disgraceful, and not merely for reasons of public policy.

The final and most truly vital condition of success in ridding our country of anarchism in practice is that American public opinion should recognize the utter emptiness, the inherent folly of its theory and of all the kindred ready-made, furnished-while-you-wait schemes for the social regeneration of mankind. Civilized society as it exists today, if it be nothing more, is the outcome of all the strivings for justice and happiness of the human race during thousands of years. What monstrous presumption, what preposterous conceit for any man, were he the wisest, most learned, the most justly famed of his own age or of all ages, to imagine that, with but the dim, flickering lights of his own dull, feeble mind, with but the few imperfect lessons of his own short, ill-spent life to guide his hand, he could cast down and build up again this incredibly vast, this infinitely complex fabric and improve on its structure.

Precautions For Whooping Cough.

Harrisburg, Pa., Aug. 13. — State Health Commissioner Dixon has issued an order that hereafter all houses in which there is whooping cough must be placarded. Special precautions must also be taken to prevent the spread of the disease among school children. Children suffering from the whooping cough must be excluded from school during the illness. Other children in the infected house must be excluded until it is demonstrated that they have not contracted the disease.

Seven Mutineers Shot.

Helsingfors, Finland, Aug. 13.—The trial by court-martial of the Sveaborg mutiny commenced Saturday, and Lieutenants Kochanovsky and Emilianoff, aged respectively 30 and 21 years, and five soldiers were at the first sitting found guilty and condemned to death, and all were shot and buried in a common grave without ceremony. Kochanovsky's father is a colonel of the guards at St. Petersburg.

DISEASE KILLING HORSES

Epidemic, Somewhat Like Staggers, Breaks Out in North Carolina.

Norfolk, Va., Aug. 13.—Advices from Elizabeth City, N. C., received here say that throughout Hyde county a peculiar disease, somewhat like the staggers, has broken out among the horses, and they are dying in great numbers. It is reported that in one neighborhood around Middletown and Lake Landing 60 horses have died recently from the epidemic. Many of the best animals are being sent to Washington to put them out of the reach of the disease. The farmers already had sustained considerable loss as the result of the damaging of their crops by heavy rains.

Bryan Will Return August 30.

Paris, Aug. 13.—William J. Bryan and his party went in automobiles to to Fontainebleu where they visited the palace. Mr. Bryan hopes to pay his respects to President Fallieres at Rambouillet. He cabled C. W. Bryan, of Lincoln, Neb., fixing the date for his arrival in New York as August 30. He will visit New Haven and Bridgeport August 31; Jersey City, September, 1; Chicago, September 4; Lincoln, September 5; St. Louis, September 11; Louisville, September 12 and Cincinnati, September 13, stopping at Kansas City on the return trip.

Heat Kills Busy Housewife.

Trenton, Aug. 13.—With a broom in her hand and the parlor floor only half swept, Mrs. Maria Burton, of 22 Lincoln avenue, was found dead sitting in a chair in the middle of the room by the groceryman who called to get his usual order. He notified neighbors. The county physician decided that Mrs. Burton died from exhaustion as the result of heat prostration.

A REMARKABLE MIRAGE

Picture of Canadian Side of Lake Erie Seen In Sky at Cleveland.

Cleveland, Aug. 13.—Residents of the Heights in the eastern part of the city witnessed one of the most remarkable mirages of which there is any record in this part of the country. Wonderfully clear and distinct, the Canadian shore of Lake Erie, 60 miles distant, was spread out before them in the sky. The phenomenon lasted for over an hour, and attracted the notice of thousands of people before it faded. The inverted atmospheric picture was so clear that the city of Rondeau could be plainly seen, the church spires and principal buildings standing out in bold relief. Tall trees and a river emptying into the lake could also be seen.

It is the first mirage seen here in many years, and Local Weather Forecaster Keanly says that the recent heavy rains over the lake may have had something to do with creating atmospheric conditions to make a mirage possible. The sky to the north was remarkably clear all day.

SULTAN HAS RECOVERED

Palace Officials Say He Has Regained His Health.

Constantinople, Aug. 13.—The officials inform callers at the palace that the sultan was suffering from the effects of a chill during the past week, but that he has now completely recovered. His physicians, however, advised his majesty not to risk exposure to the open air, and hence the abandonment of the selamtik Friday.

The local press is forbidden to publish anything concerning the state of the sultan's health or of the abandonment of the selamtik.

Sensational stories of the sultan's illness are in circulation here, but in best informed circles confirmation is given the statement that there is a slight improvement in his condition, and that he is in no immediate danger.

Suicide at DuBois.

After writing a postal card to his wife in Altoona, telling her that he contemplated taking his life, Blair S. Yeager shot himself Wednesday morning August 7th, at the Logan House in DuBois, where he had been boarding since Monday.

The suicide resided in Altoona, but had been in DuBoise since the first of the week. Previous to leaving Altoona he showed no symptons of having any intentions to end his life. When found in his room in the hotel a postal card was found in his pockets addressed to his wife as follows.

DuBois, Pa. Aug. 7th.

"Dear People: I am sick. Can't make a living any more, so I will end my career. Forgive me. All my goods are here. Good-bye.

"B. S. YEAGER."

He was aged about 52 years, and leaves a wife and four daughters.

The Old Lady Was Afraid.

The Wellsboro Gazette vouches for the truth of the following narrative which it received from the month of an automobilist living in Wellsboro: "He was driving his machine on the nearby country roads when he came in sight of a gray horse and a buggy along the roadway, with an aged gentleman standing at the head of the animal, which did not appear the least frightened by the approach of the auto. The old gentleman's partner, a venerable looking lady, well along in years, had jumped from the buggy when the horseless carriage hove in sight. The auto man inquired if the horse was afraid, when the old gentleman replied in a vexed and disgusted manner: No, dang it, no! The old horse is all right, not a bit skeered; but, stranger, if you will kindly lead the old lady by the machine I will be obleeged to you."

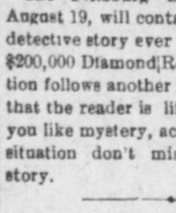
Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.



The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

OLD HUNTINGDON FURNACE SOLD

Passes out of Hands of Shoenberger Estate—4500 Odd Acres Bought for $45,498.

A record public sale of Huntingdon county realty was made at the court house in Huntingdon on Wednesday, August 1st, when the old "Huntingdon Furnace" property, comprising over 4500 acres of valuable farm and timber land, and commonly known as the "Shoenberger land," was disposed of to various bidders for amounts aggregating $45,498. The sale is of more than common interest in that it marks the passing from the possession of the family which has held it for three generations one of the oldest, largest and commercially historic estates in Pennsylvania.

The property consists of five well located farms, aggregating 1100 acres, and 3000 acres of timber land divided into six tracts, the whole extending from near the center of Huntingdon county through Spruce Creek Franklin and Warriorsmark townships northward into Centre county. They were purchased by prominent men of means and farmers from the neighborhood adjoining the terriory.

What is known as the Madden farm, of 226 acres, in Spruce Creek township, was purchased by John Stover, of Spruce Creek. E. B. Isett, of Spruce Creek, got the McIlhenny or Sprankle farm, of 310 acres, in Spruce Creek township, and the Massey or Chestnut Hill farm, of 200 acres, in Franklin township; also the 100 and 1927 acre tracts of timber land. Edward Gensimore, of Spruce Creek township got the Johnston or Pond farm of 210 acres, in Franklin township, and Clark Grazier got the Dry Gap farm of 207 acres adjoining his lands in Franklin township. Of the other four timber tracts A. M. Brown, of Pennsylvania Furnace got the two containing 70 and 150 acres respectively, and R. S. Seeds, (Seeds Brothers & Company,) Birmingham, the two containing 150 and 455 acres each.

It was one of the quickest consummated public sales of its kind that has been conducted in Huntingdon county the eleven farms and timber tracts being disposed of in less than four hours by auctioneer P. W. Magsam. The sale was commenced at 11 a. m. The farms brought from $13 to $28 an acre, and the prices for the timber land ranged from $4.25 to $45 an acre. All iron ore, mineral and mining rights were reserved.

Dr. Peter Shoenberger, one of the pioneers in the charcoal furnace industry and iron business in Pennsylvania, acquired this vast acreage of mineral and timber property three generations ago and for many years operated on an extensive scale the famous Huntingdon furnace, as well as others on his lands. In 1889 the property passed into the hands of his sons, John and George. They continued the smelting of iron until newer processes, and the remoteness from the furnace seat (then located at Spruce Creek) and lack of transportation facilities, made their plants unprofitable to operate. They still remain as old land marks and relics of a once thrifty and important industry of this section of the state.

At the death of the two brothers the property fell to their heirs, now extinct from Huntingdon county and widely scattered over several states. John Shoenberger never had any children and his share of the big estate went to his nephews and neices, who by partition proceedings through their legal representatives obtained an order from court with John Philips, of Alexandria, as master, and have now disposed of it as a family possession altogether. The local attorneys representing the different parties were Messrs. W. H. Brown, H. H Waite, W. H. and J. S. Woods, of Huntingdon, and Hicks and Templeton, of Tyrone.—New Era Journal.

TAKE C. M. PARISH'S ADVICE

For More Than Two Years They Have Been Trying to Tell You How to Cure Indigestion

I know of no surer way to prove that I have a remedy that will relieve stomach trouble and indigestion than by offering it to you at my own expense, in case it fails. Through my own personal recommend many Bellefonte residents have been induced to try this remarkable dyspepsia remedy and they have found relief almost without exception. One little tablet taken after meals invariably relieves distress after eating, sour stomach, fermentation, heart burn, and other symptoms of indigestion. Pepsikola Tablets are a positive cure for chronic dyspepsia and if you have palpitation, sick headache, nervous spells, gnawing pain at the pit of stomach, backache, or if you feel worn out, run down, tired or despondent, nothing in this world is so sure to renew your energy, steady your nerves improve your digestion and increase your bodily vigor as a ten days' trial of these tablet. Pepsikola is also a grand nerve tonic and Mr. Parish will cheerfully return your 25 cents in case you are not greatly benefitted.

BRIEF MENTION

Short Items of Local Interest Gathered By The Way Side

—Hon. B. W. Green of Emporium, has been nominated for the 25th judicial district. The conference was held at the Warner House, Emporium, last Thursday.

—"Ah," sighed the lovelorn youth, "may I not hope that you will be mine forever and forever?" "Why, yes," replied the cruel girl, with a yaun, "you may hope that long if you wish."

—A meeting of the Patrons Rural telephone company, which includes the stockholders in all the farmer's lines in the county, was held at the Garman house, Tuesday, August 14th, at 10 o'clock.

—The person who throws a banana pealing where others are likely to step on it, and probably be seriously injured through the fall that is most likely to result, is guilty of criminal negligence. Yet there are, seemingly, many such persons in this town.

—The Owl cigar company now has a man going around the country painting the big clock signs exhibited in various towns. He was in Bellefonte and painted the huge sign on Beezer's meat market with an all gold background instead of the dusky red it was originally. The figure of the owl, however, was unchanged.

—A Johnstown woman ordered some shirtwaist sent up from a dry goods store and her husband ordered some underwear for himself sent up from a men's clothing store. The woman did not know about her husband's order, and the porter from the clothing store almost dropped dead when the woman said to him, as he handed her the package: "Wait a minute until I try these things on."

—Here is a story illustrating the difficulty a reporter has getting news. He was sent to write up a fire in a residence. Going to the door, he inquired for the lady of the house. The maid said she was out. "Are any of the family at home?" inquired the scribe. "No, they are all out," was the reply. "Well, wasn't there a fire here last evening?" "Yes," said the girl, "but that's out, too."

—The next big time in Bellefonte will be the week of August 20th to 25th, when the Midway will be an all week attraction in the armory, while on Thursday and Friday the firemen's convention will be held, and it will doubtless bring from two to three thousand visitors to Bellefonte. Every effort should be made to entertain the strangers in the most hospitable way possible and give them a good time generally.

—All honor to the man who earns his living by honest toil. He, it is, above all others, who is always pulling for better things. He is the first resident to greet the stranger and tell him that he is visiting the best town in the state. He is ready to fight, at the drop of a hat, the fellow who willingly runs down the community's best along with its worst, and there is something inspiring in his cordial invitation to the chronic croaker to "move somewhere else."

—A vicious bull dog attacked a lady in the streets of Lewistown and badly lacerated her arms. The dog was ordered killed by the burgess, but before the person designated to perform the execution carried out his orders, the brute so badly chewed up the man's hand that he was obliged to retreat. The brute was finally killed by a discharge from a shot gun. The injury inflicted by this one worthless pup is of more account than all the dogs in Mifflin county. Be watchful of the dog!

—On Sunday, Rev. F. J. Clerc, of Philipsburg, celebrated his sixtieth anniversary in the ministry, half of which was spent in Philipsburg as rector of St. Paul's Episcopal church. He was kindly remembered by the members of his church as well as the bishop and brother ministers of the diocese by being the recipient of a couple of well filled purses of gold. Rev. Clerc is still in good health, despite his old age, and carries on his work with much of his oldtime vigor.

—Secretary D. S. Klose is sending out the preliminary announcement stating that the twelfth annual convention of the Pennsylvania Bankers' association will be held at the Bellevue-Stratford, Philadelphia, Thursday and Friday, September 27 and 28. Col. John A. Woodward, of Howard, is the local chairman.

—Erastus A. Davis, one of Philipsburg's best known citizens, died suddenly at his home on Monday morning. He attended the service in the Methodist Episcopal church on Sunday evening, he being one of the trustees, and was apparently in his usual health. Monday morning he arose about 5 o'clock suffering from an attack of cramp. He telephoned for a physician and while he was returning to his bed suddenly expired. He was 73 years of age, and is survived by his widow and three sons.

—Henry McIntosh, of Newry, is probably the oldest active business man in Blair county. In 1851 two brothers then young men of unblemished character, with that push and energy characteristic of the Scotch-Irish race, from which they sprung, started business in Newry as general merchants under the firm name of H. & F. McIntosh. For fifty-five years this firm has successfully carried on its business without a break. In 1897 Franklin McIntosh, the junior member, died. The senior member of the firm, Henry McIntosh, is still alive, hale and hearty at 83, is still in the harness, conducting the business. He is ably assisted by his neice, Miss Daisy McIntosh.

—Ben Williams (colored) has returned from Philadelphia, where he underwent an operation in the University hospital, very much improved in health. When about to start home he had a somewhat costly experience. While sitting in the Broad street station he was joined by two colored men who were very sympathetic over his illness and appeared unusually solicitious about his recovery. Finally they suggested taking a little walk, as it was several hours until train time and Ben willingly acquiesced. They started and the two "friends" conducted him to a rather unfrequented street where they robbed him of his gold watch and seventeen dollars in cash, leaving him but ten cents with which to buy a sandwich. Ben called for help but the thieves got away before an officer arrived on the scene.

—Engineers of the Pennsylvania railroad recently completed an inspection of their various divisions to determine just what improvements will be necessary to protect that road against landslides. As a result of the inspection a large sum of money will be expended for building stone walls at the more dangerous points along the system. The Pennsylvania has spent many millions of dollars in the past few years for the elimination of curves and grades along the main line as well as along the branch roads. This work necessitated the building of a number of deep cuts and at certain points the line runs along the mountains, where there is always more or less danger of landslides. The Ritter, Curtis & Hill Construction company has received the first contract for this work, and will build the new stone wall along the Pennsylvania tracks near the Susquehanna river. About three months will be required to complete the work.

—Fine large asters for sale at the Reformed parsonage proceeds for the new chapel.

—Hero worship is generally so gratifying to the hero that he has to participate in it.

—No matter how bad the failure, the optimist always manages to save a few chunks of hope.

—Mr. John Strayer has sold his property near the old Glass Works site to Jacob Rash, an armenian store keeper.

The first time a fellow is turned down by a girl he is very much surprised to find that his heart isn't broken.

—Strong men are so strong-minded that they take it as a personal affront if the climate doesn't agree with them.

—Quite a number of Bellefonters attended the funeral of Ex County Commissioner Thomas W. Fisher at Unionville Wednesday morning.

—The executive committee of the Centre Co., S. S. Association have selected Rev. W. H. Schuyler of Centre Hall, as secretary to fill the vacancy caused by the resignation of Rev. A. C. Lathrop; and they have elected Rev. M. C. Piper, of Milesburg to succeed Dr. Schuyler as vice-president.

—At the home of Mrs. F. P. Bassett, Sparrows Point, Md., the announcement was recently made of the engagement of Miss Ottilie R. Hughes the youngest daughter of Rev. J. P. Hughes of this place, to Mr. Spencer Irvine for many years a Government surveyor, but now a very prominent business man of Lake Charles, Louisiana. The wedding will take place this fall.

—Dr. G. W. Simpson, of Mapleton, lifted a metal casting weighing 804 pounds at the Mill Creek freight station last Saturday evening. A number of Mill Creek's strong men, among them a muscular foreigner employed on the track, who can carry one end of the large steel rails now in use, were testing their strength by trying to lift a large metal center for a chaser wheels which lay at the depot. None were able to raise the weight until the doctor gave it a try and all were startled to see it raised from the ground. And the doctor isn't a young man, either.

—At the next meeting of Johnstown's councils a franchise will be applied for by a syndicate of Cambria county men who have acquired the necessary charters for the constructions of a street car line connecting Johnstown with Ebensburg. The company is known as the Conemaugh Valley Railroad company, and will touch such towns as Wilmore, South Fork Cresson and Portage on the way to Ebensburg. A trolley road to Ebensburg has been talked of for years, but the Conemaugh Valley company is the first which has taken active steps in preparing for the construction of the line.

—The fine large stable which was part of the property of A. G. Morris, at Columbia, S. C., was entirely destroyed by fire last Wednesday night. All the contents were burned, including Mr. Morris' splendid pair of driving horses, four carriages, implements, feed and some stored goods. The loss of the horses is the most deplored blow to Mr. Morris who was greatly attached to them. The team was easily worth $2,500, and their owner wouldn't have parted with them for any price. The stable was comparatively new, cost $3,000, was finished in hard wood, with concrete floors, and was convenient and handsome. The insurance was small, compared to the loss. Mr. Morris, who has been in Tyrone for some me, left today for Columbia. His family is at their home there.

A Serious Loss.

Brigadier General Evan Miles, of the United States army, whose home was destroyed by the earthquake in San Francisco, last April, in a recent letter from Colville, Washington, to his relatives in Bellefonte, states that he had suffered an irreparable loss at the time of the earthquake in the destruction by fire of his manuscripts and notes intended for publication in the near future, which embraced his personal observations of the wild Indians in early days, their habits, customs, legends, derivation of Indian names and the causes of Indian wars. The work was the result of many years of painstaking labor and is a great loss to the public as well as to the author. Gen. Miles was born in Bellefonte and has a number of relatives and many friedds here. He served during the Civil war, in several campaigns against the Indians and commanded a brigade at the battle of El Caney, in Cuba, during the Spanish-American war, just prior to the fall of Santiago.

SAVED FROM WATERY GRAVE.

Michael Hess While out of His Mind Jumps in Bellefonte Spring.

For several months past Michael Hess, one of Bellefonte's most respected citizens, and a man widely known throughout the county, has been dangerously ill at his home on Willowbank street. His disease has puzzled his doctors very much At times he improves rapidly, when suddenly he will take a turn for the worse. A great part of the time he is out of his mind and it is necessary to watch him closely.

Friday about midnight Mrs. Hess was aroused by a noise at the barn and getting up she went down stairs and out into the garden to investigate. She left her husband in bed apparently asleep. When she returned he was no where to be found but a lamp which she had lighted in the dining room was out on the front porch. Mrs. Hess was badly frightened and at once aroused her son-in-law Harvey Schaeffer who lives across the street and they started a search for the missing man.

In the meantime Mr. Hess had gotten out of bed and went down stairs attired only in a blanket he had wrapped about him He left the house, first having set the lamp on the front porch. It is about two squares from his house to the big spring, which supplies Bellefonte with water, and here he plunged into the water.

Officer Wm. Beezer had just taken a man to the lock up located back of the water works when the sound of Mr Hess falling in the Spring. Joseph Hockenberry happened to be passing at that time and the two together succeeded in getting the unfortunate man out of his dangerous predicament. They took him home meeting Mrs. Hess on the way. Mr. Hess could not have been in the water long and he soon rallied from the affects of his plunge. Saturday he was reported as getting along very nicely and suffering no ill affects from the accident.

NEW PRESIDENT FOR STATE COLLEGE

Trustees Select Prof. George Olds of Amherst College to Succeed Dr. Atherton.

Prof. George Olds of Amherst college will be elected president of the Pennsylvania State College to fill the vacancy created by the recent death of Dr. George W. Atherton, if he will accept. A committee of trustees was appointed by the board at a meeting held at Harrisburg Friday to tender the presidency to Prof. Olds. W. M. Hayes of Minnesota, deputy secretary of agriculture of the United States, who was offered the position of director of the Pennsylvania agricultural experiment station and dean of the agricultural department was at Harrisburg in conference with the trustees.

Hannah Elizabeth Lucas.

Mrs. Hannah Elizabeth Lucas passed to the great beyond on Aug 9th, 1906, aged 66 years 1 month and 29 days. She died at her home in Johnstown where the family moved a few years ago, after a brief illness. The maiden name of the deceased was Hannah E. Livingston. She was a native of Huntingdon County.

She was converted in early life and at the time of her death was a member of the Baptist church of Curwensville. She is survived by two sons and four daughters; Harry, of Conemaugh; George, of South Side, Johnstown; Mrs. Emma Larimer of Osceola; Mrs. Carrie Shunkeviller of Patton, Miss Dessie Lucas at home, and Mrs. Josephine Kooser. Besides these there are two sisters, one living in Alabama and the other in Clearfield Co., and one brother also in Clearfield Co. The remains were brought to the home of Mr. and Mrs. Edward Lucas near Unionville, where services were held on August 12th, conducted by Rev. A. C. Lathrop. The body was laid to rest in the Unionville cemetery beside her husband, Joseph L. Lucas, who preceeded her in death a little over three years ago.

Pastor Resigns.

Rev. A. C. Lathrop, who several weeks ago resigned the pastorate of the Milesburg, Martha and Port Matilda Baptist churches, expects to begin his pastorate at Clearfield Sept. 1st. He will preach his closing sermons at Milesburg and March Creek on Aug. 26th. It is a matter of mutual regret and sorrow to both pastor and people to sever their pleasant pastoral relationship. Both the pastor and his family enter upon their new work with the best wishes of their many friends in Centre county.

Disappeared From Home.

George Carson, a young man of about 28 years of age, a son of Mrs. Samuel Carson, of 2926 Broad Ave., Altoona left his home on the 29th of July and has not been heard from since. His friends have become very much worried, especially his mother. If any person knows of the whereabouts of the young man they will confer a great favor by communicating with his friends.
